## Miss St. Clair Says Nursing in Need Of New Methods

Regional Assembly Also Hears of 'Consumer's' Viewpoint From Mrs. H. A. Lewis at Morning Session

## Local Councils

Executive Secretary Discusses Community Organization as Necessary

Nursing is today in need of a change in method to comply with modern demands, Miss Lulu St. Clair, executive secretary of the joint committee on community nursing service of the state association, told 250 members attending the regional institute of the New York State Nurses Association at the Governor Clinton Hotel today.

"The very fact that there has been and still is such a discussion regarding nursing needs for nursing care is evidence that we are admitting inadequacy in our present methods."

The morning session of the institute opened at 10 o'clock in the crystal ballroom of the hotel with Mrs. Genevieve M. Clifford, chairman of the registry and community service nursing committee presiding.

Miss St. Clair's address was the principal one for the session. Others to speak included Mrs. Howard A. Lewis, who during a discussion period touched upon pertinent suggestions from the viewpoint of the "consumer."

"While fundamentally people in any given community are sick in the same ways as they have been heretofore, circumstances over which we have had no control have modified the manner in which the nursing service to supply needs will have to be rendered," Miss St. Clair continued.

"Argue we of the nursing profession keeping our ears to the ground and making such changes in our methods of preparing for and supplying service as are keeping with changes in social conditions or are still hiding behind such defenses as 'This needs careful thinking' or 'We must go at this very slowly'?"

The longer we wait the greater distance we will need to cover to come abreast of other community programs. In every community interest should be created and information made available regarding nursing needs and resources. The community should know what and how nursing service is available and if this interest stimulated if it is not already there.

"The first step in planning any community program in nursing is to organize a body which we ordinarily call a council on community nursing. The objectives for such a council are to provide a meeting ground, to give an opportunity to study various problems, to serve as a connecting link between the community, nurse and agencies to establish sound public relations, to co-ordinate and distribute nursing service, to sponsor new types of programs in nursing service, to interpret nursing to the community, to ensure adequate preparation for nurses for community service, to stimulate the feeling of responsibility to furnish a means of education."

"It is not altogether wishful thinking on my part which prompts the statement that all over the country there seems to be an awakening interest on the part of our professional groups in trying to improve nursing service to the public."

The address was followed by a discussion period, the first speaker being Mrs. Howard A. Lewis of Kingston.

Mrs. Lewis' informal talk was interspersed with humorous reflections and incidents that more than once brought forth appreciative laughter from her audience and indicated that the nurses in attendance were not lacking in one of Mrs. Lewis' requirements for a good nurse—"a sense of humor."

Mrs. Lewis related a number of her experiences which showed that she was well qualified to talk on the nursing situation, as "consumer."

She told of one nurse who "did everything," but carried her activity so far that eventually she was forced to give up. "The consumer should not expect a nurse to do too much," said the speaker and above all she should not be called upon to give "24 hours service."

The incidents related by Mrs. Lewis occurred, she said, while she was a resident of New York City, before she made her home in Kingston. She praised highly Kingston's nurses, doctors and hospital facilities and advised all who were expecting additions to their family to come to Kingston.

Commenting on some of the points brought out by Miss St. Clair, Mrs. Lewis agreed that there was need of some sort of auxiliary service, in addition to the need for nursing, which those who were ill could secure. She approved of a nursing service bureau of some kind, which could make a survey of the community, find out what were its needs and plan for supplying those needs. She felt that the plan should be a simple one and suggested that the auxiliaries of the hospitals

## Blast Tosses Engine Boiler, Kills Three

A terrific boiler explosion in the locomotive of a Chicago, Milwaukee & St. Paul freight train tossed the boiler 200 feet from the wreckage of the rest of the engine and killed three members of the train crew. Here is a crowd gathered at the scene of the accident, near Elgin, Ill., with the boiler at the far left and the tender of the engine at the right.

## Republicans Hold Meeting; Votes for Proposition Urged

Mayor Calls Attention to Provision Regarding Grade Crossings; Will Hold Meetings Weekly

Mayor C. J. Heiselman at the opening of the Republican City Club on Thursday evening urged voters to record a favorable vote for Proposition No. 3, which is to be submitted to the voters at the November election. This proposition provides that the state defray the cost of grade crossing eliminations.

Attorney Louis G. Bruhn was elected president of the club; Mrs. Mary Otto, vice president, and Charles W. Shultz, secretary-treasurer.

The opening meeting which was held in Cook's Hall on Railroad avenue was largely attended. During the meeting Alderman Paul Zucca with Danny Bittner at the piano, led the audience in community singing.

The club will hold weekly meetings until election in Cook's Hall. Thursday evening has been set aside as the meeting date.

Mayor Heiselman called attention to the fact that if the proposition which was approved by the state constitutional convention was adopted by the voters of the state at the fall election Kingston stands a reasonably good chance of having the 10 grade crossings in the city eliminated. The city already has a petition filed with the state public service commission asking that the grade crossings be eliminated and Thursday afternoon a public hearing was held at the court house on the petition.

Assemblyman J. Edward Conway in his address touched on the corruption in Democratic political affairs in Albany and gave a masterly talk on conditions as he had found them in Albany county.

Harry H. Flemming, the Republican candidate for surrogate, also spoke at the meeting, and gave an interesting address on national and state issues.

President Bruhn presided and introduced the speakers.

## Declines Communist Aid

Albany, N. Y., Oct. 14 (AP)—The entire communist statewide ticket for the November 8 election has declined the party nominations, the State Election Bureau said today. At the same time, election bureau officials said the name of Israel Anter, previously nominated for governor by the communists, had been substituted immediately for Elizabeth Gurley Flynn of New York city, previously designated for representative-at-large. Anter recently predicted the re-election of Herbert H. Lehman as Governor of New York.

## Rumrich Pleads Guilty

New York, Oct. 14 (AP)—A jury of 12 men and two women was chosen in an hour and a half today for the federal government's trial of three persons accused of being members of a spy ring which sold United States military secrets to a foreign government. The jury was seated after Guenther Gustav Rumrich, former United States army sergeant, a fourth defendant, had unexpectedly changed his plea from innocent to guilty.

## Appeal to Hitler

Belfast, Oct. 14 (AP)—A group of Ulster Irish appealed to Chancellor Hitler today to aid their campaign for union of North Ireland with Ireland (Eire, the former Irish Free State). After an Armagh County mass meeting they sent this message: "We call upon you to use all endeavors to persuade Premier Chamberlain to bring about freedom for the minority in northern Ireland and abolition of partition in our beloved country."

## Million Americans Learn Aerial Defense

Fort Bragg, N. C., Oct. 14 (AP)—A million Americans received their first lesson last night in how to defend themselves against hostile bombing airplanes.

Residents of approximately 15,000 square miles, including 67 towns in 21 eastern North Carolina counties, turned out their homes, factories and store lights as big army "flying fortresses" and accompanying planes flew at a high altitude toward Fort Bragg.

Commanding officers said that the greatest difficulty of the ground forces was caused by automobiles on the highways. They asserted that pilots could follow the stream of lights to a point where all was dark, indicating the presence of a "blacked out" town.

## Saugerties Police Seek Garage Man Who Skipped Town

James A. Jackson Wanted by Authorities; Said to Have Sold Cars Belonging to Valley Residents

The Saugerties police department is looking for James A. Jackson, who for the past few weeks has been conducting the Bridge Used Car Exchange in the MacMullen garage building in that village. He left the village Sunday several days ago with about \$3,000, according to the Saugerties police.

Chief of Police A. W. Richter, who has sent out a description of Jackson over the telephone, states Jackson was last seen on Sunday, October 9. The victims he left behind include six people from Saugerties, one man from Hudson, who left two cars at the garage valued at \$900, a man from Pine Bush who is out \$450, and several others from Kingston and Port Jervis.

The scheme worked by Jackson, the police said, was to have a prospective customer bring his car to the exchange to be sold and to sign a bank draft for 30 days. In the meantime Jackson would sell the car, and when the draft was due, the customer would go to the bank to collect the money only to find that there was none there.

Chief Richter, who has two warrants issued for the arrest of Jackson, visited the garage on Tuesday and found six cars there, belonging to Saugerties people. In the front seat of each was an envelope containing a copy of the draft and the registration card of each car.

## National Leaders to Watch Thomas E. Dewey's Campaign

New York, Oct. 14 (AP)—District Attorney Thomas E. Dewey's upstate speaking tour in the interests of his candidacy for governor, is expected to be watched closely by national leaders.

Dewey has indicated he would stick to state issues, particularly in his Albany speech where, he has indicated, he will renew his charges of political corruption in the capital.

It has been hinted, however, that some of his advisors favor his plunging into attacks on the Roosevelt administration in Washington, feeling that such attacks would attract more state as well as national attention to his campaign.

The Republican candidate expects to begin his upstate swing at Rochester next Wednesday night with a state-wide broadcast. He will conclude the swing at Buffalo on November 1. He announced he will be joined by his running mates at key cities.

His itinerary includes Utica on Thursday, October 20; Saturday in Suffolk county; Tuesday, October 25, Troy and Albany; Wednesday at Mineola; Thursday at Elmira; Friday at Binghamton; Saturday at White Plains; and Monday, October 31, at Syracuse.

Dewey's campaign managers, James O. Moore, general manager, and Oswald P. Heck, upstate manager, declared during the press interview at which Dewey made public his speaking itinerary that the influence of the "old guard" was at an end in the party councils.

Moore said he was supporting Dewey actively because older men had failed in the handling of social problems and that the problems existing are of such a nature that they must be solved by young men.

"During the past two or three years, Heck said, 'we've done everything possible to eliminate the charge of reactionaries as far as the assembly is concerned, and we have succeeded and as part of the campaign to make party appeal to the man on the street, I'm only too glad to help Tom Dewey.'

"I can't believe there still is an old guard. There has been an amalgamation within the party, and while there still may be a disparity in points of view, there is really no old guard left."

## Chinese to Rush 400,000 Civilians Away From Canton

Women and Children to Be Sent From Immediate Danger Zone Around Metropolis as Enemy Advances

## Tamshui Falls

Chinese Resistance Improves, but Invaders' Bombs Work Terrible Havoc

Hongkong, Oct. 14 (AP)—Preparations were hurried today to send 400,000 women and children and the municipal and provincial governments into the interior from Canton as a new Japanese force of 40,000 moved closer to that south China metropolis.

The invading army captured Tamshui, 12 miles from Bias Bay where it landed Wednesday, and was reported striking due west in a 20-mile drive to cut the important Canton-Kowloon railway about 20 miles from the borders of this British crown colony.

Incessant bombings and shelling left Tamshui in ruins. The invaders drove relentlessly toward the important garrison city of Waichow, 2 miles east of Canton and 35 miles north of Hongkong.

Chinese resistance improved as the Japanese columns moved steadily inland, but the invaders' airplanes and artillery were being used with crushing force.

With the destruction of a long wooden bridge about 15 miles north of Hongkong, Canton was cut off completely except for the highway to Waichow and the water route to Macao, Portuguese colony 70 miles south of Canton.

Chinese military supplies from Hongkong were blocked, and it was learned a caravan of 160 trucks, by which an effort was made to send materials to Canton, was forced to return here after finding the bridge destroyed.

Events Move Rapidly

Events were moving rapidly in Kwangtung province, of which Canton is the capital. Provincial and municipal archives, it was learned, were being sent to Yung-yuen, in northern Kwangtung.

Government officials were expected to leave shortly by special train.

Kwangtung authorities were reported to have asked the consular body of the Shameson foreign settlement of Canton to convey to the Japanese a request that Lingnan University and the French Catholic Cathedral in Canton be declared safe zones for non-combatants.

More than 200 foreigners remained in Shumacien, including 80 Americans. The United States gunboat Mindanao, with one French and five British war vessels, were bottled up in waters near Canton.

The Japanese Consul here was understood to have warned all Japanese residents to be cautious regarding anti-Japanese feeling among Chinese residents of the colony. Japanese homes and businesses here were given special guards following a consular request for such protection.

More than 100 Japanese planes, in squadrons, bombed towns and villages in the pathway of the advancing troops. Coastal cities including Cwato, where 20 planes dropped scores of bombs in the business district and did considerable damage, were among the planes' objectives. Casualties were reported heavy.

More than 200 were reported killed or wounded when bombs struck a group of fishing boats on the Taing river in Kueikong.

Dispatches from Canton this evening said Waichow was in flames after day-long bombings by Japanese planes. The number killed and wounded was estimated at more than 1,000.

More Swatow came reports that ten Japanese transports and three destroyers had left that port. It was assumed the destination was either Bias bay or the Pearl River delta south of Canton. Another dispatch said the Japanese had at a point ten miles north of Hongkong.

## Treasury Receipts

Washington, Oct. 14—Position of the treasury on October 12: Receipts \$10,351,645.58; expenditures \$22,954,875.65; net balance \$2,831,697,851.12, including \$2,226,542,956.61 working balance; customs receipts for the month \$11,525,529.13. Receipts for the fiscal year (since July 1), \$1,645,761,727.77; expenditures \$2,311,077,883.32, including \$793,336,071.99 of emergency expenditures; excess of expenditures \$885,346,061.55; gross debt \$38,428,532,084.62, a decrease of \$449,870.91 below the previous day; gold assets \$12,869,339,171.74.

## Storm Hits South

Jacksonville, Fla., Oct. 14 (AP)—Rain and near-gales swept the south Florida peninsula today while a tropical storm of moderate intensity moved slowly across the lower part of the state from the Gulf of Mexico. The Weather Bureau, emphasizing the storm was not a hurricane, said the center of the disturbance was about 180 miles west-northwest of Key West at 8 a. m., eastern standard time. "It has spread over a considerable area with local squalls of from 40 to 48 miles an hour reported," the Weather Bureau advised.

## Funeral Services Named by Lehman

For Father Cahill Are Held Today

The Rev. J. P. Fitzsimmons Celebrates Requiem Mass for Local Priest; Msgr. Stanley Eulogizes

Funeral services for the Rev. Alexander A. Cahill, son of the late Michael J. and Fannie Roe Cahill and brother of John T., Patrick J., Eugene M., James R., Joseph E., and Frank X. Cahill, Miss Mary E., and Anna A. Cahill and Mrs. Charles Mulholland, were held this morning at 11 o'clock from St. Joseph's Church where the body had lain in state since 5:30 o'clock Thursday afternoon.

The celebrant of the Mass was the Rev. James P. Fitzsimmons, assistant pastor of St. Christopher's Church, Grant City, N. I. The Rev. Thomas Degan, pastor of St. Augustine's Church of Larchmont, N. Y., deacon, and the Rev. John D. Simmons of St. Joseph's Church, this city, a former assistant pastor of Father Cahill's was sub-deacon. The Rev. James P. Moore of St. Mary's Church acted as master of ceremonies and the Very Rev. Monsignor John J. Stanley, dean of Ulster and Sullivan counties, gave the eulogy after the Mass.

## Priests Sing Responses

Responses to the Mass were sung by the priests choir from St. Alphonsus monastery at Esopus.

A large delegation of priests from the various parishes of the diocese was present. Among those were the Very Rev. Monsignor John J. Stanley of St. Mary's Church, Kingston; the Rev. John M. Cusack and the Rev. Edmund Burke of St. Joseph's Church, Kingston; the Rev. Benjamin Roth, the Rev. William J. Kennedy, the Rev. James P. Moore of St. Mary's Church, Kingston; the Rev. John P. Neumann and the Rev. Henry E. Hordeman of St. Peter's Church, Kingston; the Rev. Stanislaus Malinowski of the Church of the Immaculate Conception, Kingston; the Rev. James P. Heaton of St. John's Church, Stony Hollow; the Rev. William J. McDonald of St. Peter's Church, Rosendale; the Rev. William P. Dooley, the Rev. Joseph W. Hughes of Sawkill; the Rev. George H. McWeeney of East Kingston; the Rev. Bernard Reardon; the Rev. Edmund Raverty of Saugerties; the Rev. John Rivoli of Glasco; the Rev. John J. Conroy of Veteran; the Rev. Thomas Mullen of Ellenville; the Rev. William T. McCarthy, rector at St. Alphonsus, and many other priests and delegations from the lower end of the diocese. There was also a large delegation of Sisters from the parochial schools and other institutions in the diocese.

The services at St. Joseph's Church this morning were attended by a host of friends of Father Cahill, a native of Kingston, and a former pastor of St. Ann's Church at Sawkill and later of St. Christopher's Church at Grant City, Staten Island.

The Divine Office of the Dead was chanted by several priests at the diocese last night at 8 o'clock at St. Joseph's Church, headed by the Rev. Monsignor John J. Stanley, dean of Ulster and Sullivan counties. The Priests' Choir of St. Alphonsus led the singing and the responses were sung by the priests of the various parishes. This service Thursday night was also largely attended by members of the family, members of the congregation of St. Joseph's Church and from different churches of the locality.

## Casket Bearers

Bearers were George A. Dittmar, E. Frank Flanagan, John Halloran, Edwin Phelan, Vincent Callahan and James Connelly, Sr.

Burial was in the family plot in St. Mary's cemetery where a large number of the priests under Monsignor Stanley participated in the services.

## Monsignor's Address

"Every excellent work shall be justified, and the worker thereof shall be honored therein." (Eccles. 14, V. 21.)

During the two hours of Tuesday last the soul of our departed friend went before his Maker, leaving behind a body that had been racked with pain for the last fifteen months. What mental anguish was experienced in thinking of the welfare of his flock and unable to lead them. The only solace was his trust in his almighty God to keep alive the

## Registration Vital

Prelude to Voting

Polls throughout the city opened this morning at 10 o'clock for registration and they will remain open until 10 o'clock this evening. Tomorrow the polls will also be open from 10 o'clock in the morning until 10 o'clock in the evening.

It is the duty of every American citizen to register and vote. If you do not register you cannot vote at the general election in November. Do not put it off. Register at the first opportunity as something may happen later to prevent your performing this privilege and duty.

## Fresh Attack Now Planned Against Unemployment

Congress Early Next Year May Get Correlated Program for Restoring of Work in Basic Trades

Washington, Oct. 14 (AP)—Informal persons in the administration disclosed today that a broad new attack on the problem of unemployment is in the making.

This may result, they said, in presentation to Congress early next year of a correlated program for restoring work opportunities by improving conditions in the nation's basic durable goods industries. Details have not been made known.

At the same time it was learned that a major objective of the monopoly investigating committee will be to uncover business practices and faults in the nation's economic structure, which in the words of one member, "cause conditions in which people can't get jobs."

The committee's work probably will be concerned with a long range solution to the problem, but some administration officials are more interested in starting a program during the winter.

These officials contend that no substantial improvement in business can be expected until the nation's estimated 10,000,000 or more jobless begin returning to useful employment in private industry.

Aubrey Williams, deputy WPA administrator, said yesterday after a White House call: "Employment is increasing elsewhere, and the outlook is brighter than at any time in a year. I look for a steady increase in employment all over the United States."

Williams said Mr. Roosevelt had instructed him to make the \$1,455,000,000 WPA appropriation last until March 1.

Establishment of a bureau of industrial economics to make a continuous survey of business conditions was approved of Chairman O'Mahoney (D., Wyo.) of the committee investigating monopoly.

The committee disclosed yesterday that it had issued 9 subpoenas for investigations into transfer of Chesapeake and Ohio Railroad proxies and into patent ownership in the glass industry.

One of the things being studied, he said, was that of mass production of war equipment, including airplanes, power and other items. He said the production question was something new and intimated one of the phases to be studied was standardization of plane production, which some countries already have adopted.

The President preferred not to talk about detailed items at this time regarding defense needs, saying he wanted to study the whole picture so as to give the country a complete idea at the proper time.

## R. G. Morris Dies

New York, Oct. 14 (AP)—Robert G. Morris, 69, for many years a leading member of the New York bar, died last night after a short illness. Morris was native of Bridgeport, Conn., and began his law practice in that state in 1830.

## Foreign Minister in Talk With Hitler Pledges Hungary; Hungary Sends Delegation to Present Claims

Budget Delay

President Says Action Will Delay Estimate of Next Year's Budget

(By The Associated Press)

Germany announced today that Frantisek Chvalkovsky, Czechoslovak foreign minister, had pledged his country to a "loyal attitude" toward Germany, in a talk with Adolf Hitler.

The announcement came as Hungary was reported to have cancelled plans for mobilization of her army and sent a delegation to explain to Hitler Hungary's minimum territorial demands upon Czechoslovakia.

A Hungarian foreign office official arrived in Rome to consult with Italian officials on Hungary's next move in her territorial campaign.

Czechoslovak political circles expressed a belief that the wish of Poland and Hungary for a common frontier at the expense of Czechoslovakia would be met with German opposition. The same belief was expressed in high Nazi circles.

Hitler told the Czechoslovak envoy he hoped that "it soon may be possible to find a satisfactory solution" to the Hungarian-Czechoslovak question, which Hungary yesterday turned over to the four Munich accord powers after breakdown of direct negotiations.

Jewish-Arab strife drew from the Jewish agency for Palestine a declaration that further illings would not deter the Zionist movement. The declaration was in reply to an Arab warning for Jews to expect grave trouble if they persisted in further immigration into the Holy Land.

Discovery of a revolutionary plot in Barcelona led the government to invoke nation-wide police precautions against political terrorism. Several thousands persons were arrested, but most of them were released after questioning.

On the eastern front of the Spanish civil war insurgents drove government militiamen from part of their key Pandol Mountains positions, but the government still held little commanding the range.

## President's Study

At Washington President Roosevelt said today he was making an entirely new study of the nation's national defense needs and that until it was completed he could not estimate next year's budget.

The President told a press conference he could not comment on the new budget because new technical developments in national defense measures required a complete restudy of defensive requirements.

He said the reason for the re-assessment of these needs began to take shape about a year ago because of information coming in a connection with world events. He said the question was forced to a head in the past month. In response to a question he said the new information was of a technical rather than a political nature.

Asked about yesterday's statement by Bernard M. Baruch, chairman of the world war industries board, that America was unprepared for war because of lack of sufficient first class equipment, the President said he had not read the statement. He added, however, a good many people were checking the situation in connection with new elements that have come into the defense picture in the last three or four years.

One of the things being studied, he said, was that of mass production of war equipment, including airplanes, power and other items. He said the production question was something new and intimated one of the phases to be studied was standardization of plane production, which some countries already have adopted.

The President preferred not to talk about detailed items at this time regarding defense needs, saying he wanted to study the whole picture so as to give the country a complete idea at the proper time.

## Cold Frames Have Many Fall and Winter Uses

Suggestions for Fall Use of Cold Frames

There seems to be no end to the uses for a cold frame. Designed principally for spring to hurry up the season, it makes a perfect seed bed for summer seedlings, as well as a late planting of perennials. If you have used it for three seasons already this year, a fourth will come natural. If you don't have a cold frame, this is as good a time to build one as any other.

The frosts of late fall bring to mind problems of harboring perennial seedlings. If you planted them in the garden, you will not doubt need some additional protection, and the cold frame will provide it. The heat all-around methods is to pot the plants, and set them into the soil of the frame. Such treatment assures them a few more weeks of growth, and will enable them to be transplanted from extra warmth in the spring and get an early start. They will also be easily transplanted.

A more timely use for the cold frame during the cold weather is for rooting winter flowering bulbs. Hyacinths, early tulips, narcissus and amaryllis are the principal ones which need a dark, cool situation to encourage early root formation. Bury them in the frame bed in the pots you expect to grow them in, and when roots have developed sufficiently bring them indoors for the quick growth of the tops and blossoms.

## W. T. Grant Plans 32nd Anniversary

Philip S. Ramsey, manager of the local store of the W. T. Grant Co., announced today that the Kingston store, in conjunction with 484 other stores in the Grant organization, is making preparations for the celebration of the 32nd anniversary of the founding of the W. T. Grant Company.

According to Mr. Ramsey, the first W. T. Grant store was opened in Lynn, Mass., 32 years ago, and this year the Grant Company plans to mark the event with an appropriate celebration in all of the 485 stores.

The Kingston manager further pointed out that the policy of the Grant Co. has been the lowering of production cost by volume business, the elimination of frills in merchandise, and the ability to offer customers quality merchandise at lower prices. Following this practice established through a period of 32 years, the Kingston store will offer special merchandise on sale during the celebration.

One difficulty which should be carefully considered is the determining of the top of the tuber. Usually it is indicated by a slight depression with a few points in it. In other cases the old roots may still be clinging to the under side, and you can be sure of yourself when this is the case. If there should be any doubt as to just what end of the tuber is the top, plant it sideways. They need rich soil, and should be planted two inches deep.

## Wallkill Manufacturing Co. Sale Upset by Court

New York, Oct. 13 (Special)—After a heated session before Judge Henry W. Goddard in United States District Court here today, the proposed sale of property of the Wallkill Manufacturing Co., hat manufacturing concern at Shawangunk, to Joseph S. Rosen was revoked by the court and a new announcement of sale ordered issued.

The concern is being liquidated after having sought relief under section 77b of the Bankruptcy Act.

The sale to Rosen, approved by Referee in Bankruptcy Walter J. Miller, was objected to by creditors representing \$40,000 in claims. They protested that the acceptance of the Rosen bid and the rejection of others, especially one made by Lazarus Heyman, would mean a loss of thousands

## HERE'S COAL Easy to Control

If you've had to keep continually "fixing" your fire, try BLACK STORK Coal.

BLACK STORK is easier to control, for it's 99.77% slate-free. It has no clinkers to clog the fire. It burns steadily, evenly. You do less grate-shaking and damper-changing.

Less ash, too—by 10% to 25%—when you use BLACK STORK.

Phone us for a trial ton of BLACK STORK and simplify running your heater!

**Every Is Arrested**

William Every, 54, of 343 Washington avenue, was arrested Thursday by the police on a warrant sworn out by Mrs. Every, charging her husband with failing to provide for the support of his family. The case will come up for a hearing later in police court.

**Plans Increase**

Albany, N. Y., Oct. 14 (AP)—The number of plans for upstate construction work last month on factories, mercantile establishments and places of public assembly, increased 48 per cent over the September average for the last 14 years, the State Labor Department reported today.

**Enrollment Increase**

Washington, Oct. 14 (AP)—Robert Fechner, director of the Civilian Conservation Corps, announced today the CCC enrollment quota for the three months which started October 1 had been increased by 13,138. He also authorized enrollment of 1,567 additional project assistants, enrollees with technical qualifications, for supervisory work. Fechner announced these increases in project assistant quotas by corps areas, and in regular enrollment by states: Second corps area 511 Delaware 34, New Jersey 318, New York 1,000.

**Tax Payment Due**

Albany, N. Y., Oct. 14 (AP)—State income taxpayers were reminded today that the third and final installment of the personal levy for 1933 must be paid by Saturday night. Deputy Tax Commissioner Cortland A. Wilbur said all remittances must be made personally or, if mailed, bear a postmark prior to midnight Saturday.

**Copper Is Up**

New York, Oct. 14 (AP)—Domestic copper was pushed up another 3/4 of a cent a pound to 11 3/4 cents today, the fifth markup thus far in October which placed the metal at the highest level since last November. The new boost followed a similar advance yesterday which was posted coincident with publication of what the trade regarded as highly favorable statistics on the industry.

**Dr. Sudhoff Dies**

Salzwedel, Germany, Oct. 14 (AP)—Dr. Karl Sudhoff, professor of medicine and founder of the German Society for the History of Medicine, died today at the age of 84.

**HIGHLAND NEWS**

Highland, Oct. 14.—Mr. and Mrs. Allan Hasbrouck and two children, Mrs. Mabel Hasbrouck and Miss Laura Harcourt drove to Longmeadow, Mass., Tuesday afternoon and were overnight guests of Mr. and Mrs. Edgar Davis. "Getting the Best Out of Us" will be the theme of the Sunday morning sermon of the Rev. Samuel A. MacCormac at 10:45 a. m. in the Methodist pulpit. In the evening Mr. MacCormac will talk on his 15 years in America. The Lions Club dinner and meeting Monday evening at the Elms is to be a large one in the amount of business to be considered and in attendance since all the business men of the village are invited to be present. Walter Clark, who has just returned from the American Legion meeting in Los Angeles will tell of the trip and L. H. Krissler, of Poughkeepsie is also to be present and speak.

Postmaster George E. Dean is vacationing this week and is spending it quietly at home. William H. Maynard, Jesse Alexander, John Reylea, William Thompson, James Kallas, Mrs. Kallas, Mrs. Alexander, Mrs. Thompson, Commander Walter Clark attended the installation of officers of the American Legion Post in New Paltz Monday.

The 39th district conference of the Methodist Church is held in Ellenville on Monday. The Rev. S. A. MacCormac with delegates J. P. Whitley and James R. Swift will attend. Mr. and Mrs. Henry Black returned Sunday from a honeymoon spent at Niagara Falls and Canada and are keeping house on the New Paltz road.

Mr. and Mrs. John R. Parks and Mr. and Mrs. Herbert Schofield drove to Indian Lake on Sunday and took the latter's granddaughter, Beverly Wardell to her parents.

The September and October committees of the Ladies' Aid Society will hold a food sale in the Erichsen market Saturday, October 22.

A huge perfect cockscomb flower measuring 20 inches across the top has been on display in the Muller drug store. It was grown by Mrs. Frances Sepolpo at Pratt Mills.

Virgil Tompkins, who teaches at Copake, spent Wednesday at his home here owing to the holiday.

Mrs. Eva Hare of Walkkill will be a guest of Mrs. James Swift and attend the sessions of the State W. C. T. U. in Poughkeepsie. Mrs. Hare was former recording secretary for the Ulster County W. C. T. U.

Homer Muller is carrying his right arm in a sling owing to a broken collar bone received in playing football.

Mr. and Mrs. Louis Keyes, Mr. and Mrs. David Lewis and daughter Nancy, of Springfield, Mass., drove over and spent Wednesday with Mr. and Mrs. Oliver J. Tillson.

The Rev. Devello S. Haynes and A. Wintthrop Williams represented the local Presbyterian Church at the fall meeting of North River Presbytery in Beacon Monday.

A chicken supper is to be served October 20 in the parlor of the Methodist Church by the Official Board assisted by the auxiliary club. Services will be at 5:30 and 6:30 o'clock.

Mr. and Mrs. Howard Starr of Monticello were called Wednesday on Mr. and Mrs. D. H. Starr.

Mrs. H. MacMillan of Brooklyn is spending this week with the Rev. and Mrs. S. A. MacCormac. The Mid-Hudson Philatelic Society will meet Tuesday evening with Miss Florence Molressey in Walden.

Thomas R. Hopper has been engaged to fill the unexpired term of Legard Ball as welfare officer.

Mrs. Charles Fenbusch and her son, William, spent Sunday with her brother and his wife, the Rev. Samuel A. MacCormac at the Methodist parsonage.

Mrs. Harcourt J. Pratt was a guest of the Misses Circle at the home of Mrs. Fred Lewis Vail Wednesday afternoon. Since Alaska was the subject for the month and as Mrs. Pratt had been there the past two summers she was able to tell much of interest concerning the methods of travel in the territory, the climate, the industries and of the people that she met going there and of those whose homes were there. She had spent a day in the town of Palmer where the Matanuska colony settled, visited Anchorage, Curry, Fairbanks, Juneau and other points of interest. With her talk she had a great many articles of ivory, silver, furs, a large basket, totem pole, all the work of either Indians or Eskimos. Mrs. D. S. Haynes conducted the devotionals at the opening of the meeting and Mrs. Helen Boye Brown read a letter from a mission worker in Ketchikan, a young man who went west from New Jersey. At the close of the talk tea and cakes were served with Mrs. Haynes pouring at the tea table with yellow nasturtiums and yellow candles.

Attending were: Mrs. Pratt, Mrs. Rose Seaman, Mrs. J. R. McMus, Mrs. Fred Wiley, Mrs. William Waterbury, Mrs. Philip Willoughby, Miss Edith Page, Miss Moore, Mrs. Alfred Lane, Misses

**No Policy Change**

Detroit, Oct. 14 (AP)—Harry H. Bennett, personnel director of the Ford Motor Company, in an interview regarding his meeting with Homer Martin last Tuesday, said today that "our policy hasn't changed one bit." At the same time Bennett declared his meeting on Wednesday with Governor Frank Murphy was not political.

**Eat Whale Meat**

Washington, Oct. 14 (AP)—The commerce department said today that war is driving Japanese to eat whale meat. An official report

said the Japanese government was sponsoring a campaign to popularize the product, but it added that the apparently inescapable odor of whale meat is discouraging sales.

It has never really been settled to the satisfaction of all disputants whether Dr. Frederick A. Cook did or did not reach the North Pole, as he claimed. Now a group of explorers, just returned from a 15-month meteorological expedition, confirm the MacMillan discovery that Robert E. Peary's Crocker Land does not exist. Twenty observation flights in airplanes proved that there was no land at all in the region where Peary had said.

Peary's mistake probably lay in reporting a mirage as real land. Northern mirages, observers say, are frequent and deceptive. An explorer may think he sees land, but he should not put it on a map until he has caught up with it and walked around on it. Apparently all the possible exploring has not been done, even in the Arctic. Subsequent expeditions can always make themselves useful proving, or disproving, the discoveries of earlier groups.

## THAT BODY OF YOURS

## THE MORNING COLD BATH

It is hard to understand how the idea started that a cold tub or shower bath the first thing in the morning was good for the health, hardened up the body, and warded off disease.

As a matter of fact the morning cold bath does much harm to a great many, not because there is anything wrong with a cold shower and a brisk rub first thing in the morning for a strong, hardy individual, but because the average individual is not strong and hardy.

The reason so many feel that despite the discomfort and shock the morning cold tub or shower bath is helpful is that after the bath and rub there is a "bracing" reaction for a short time. However, one to two hours afterwards there is a feeling of tiredness and depression which they do not know is due to the cold bath.

Why is the morning cold shower a mistake for so many?

When we awake the body is really at its lowest point of resistance due to the most part to the need of food or fuel. The temperature is low, the blood pressure low, the heart beat slow and not as strong as at any other time. To make the body, in this low condition, undergo the "shock" of a cold bath is like kicking a person when he is down.

However there is the individual (about one in four) who, because of robustness or acquired resistance, can take this cold bath, have a brisk rub, feel a good reaction without any "let down" during the day.

An idea used by many who wish to get the refreshing reaction of the cold water without too much shock to the system is to run a few inches of hot water into the bath tub, stand in it for a minute to let the heat of the water strike the large blood vessels of the ankles, and then step into the cold water shower. The heat of the water, by adding warmth to the blood and a little more speed to the circulation, prevents the severe shock of the cold water. A brisk rub down stimulates the circulation and the benefit of the morning cold shower is felt all day.

Those who are thin, have thin blood, or a poor circulation would do well to avoid cold showers or tub baths unless prescribed by their physician.

## Health Books Available

Eight helpful health booklets by Dr. Barton are now available for readers of the Kingston Daily Freeman. They may be obtained by sending ten cents for each one desired to The Bell Library, 247 West 43rd street, New York, N. Y., mentioning the name of this newspaper. The booklets are: Eating Your Way to Health; Why Worry About Your Heart?; Neurosis; The Common Cold; Underweight and Overweight; Allergy or Being Sensitive to Various Foods and Other Substances; Scourge (gonorrhea and syphilis); and How is Your Blood Pressure?

## The Characters

Kathleen Gregory: peppery red-haired member of the Gregory clan, goes West incognito to secure a right-of-way for the Golden Girl mine.

Donald MacDonald: owner of the first Stalborn Boy mine, hates the Gregorys.

Bridget: Kathleen's companion.

Yesterday: Kathleen learns that a right-of-way could be secured if there was priority of claim.

## Chapter 14

## 'Come With Me'

OVER tea and "sly cake," which Kathleen thought resembled a Napoleon with raisin stuffing, Donald's housekeeper told how the garden and chickens augmented her husband's salary.

"A deed Donald has given to each of us, so should anything happen to him, or the mine, or new owners come in, we own this home and could manage to live. Ah, the poor Gregorys," Mrs. Arthur concluded, and Kathleen knew she referred to the Gregory miners.

The rain which had threatened to fall all day, had made good its threat when they were leaving. Mrs. Arthur looked at the sky and sighed deeply. "A green winter, Donald, a green winter."

"Nonsense," laughed Donald. "This is only a green fall; we'll have snow."

Ah, but Donald, Mrs. Campbell saw a blossom on her apple tree, three days back. I heard her calling to Annie. That's death before spring."

Donald laughed again. "I'm going to send Balmey over to see you. He'll take the woe out of that one: tell you the Campbell apple tree is in a warm corner and with the rain the tree thinks it's spring. He'll tell you that superstition sprang from people growing careless in warm weather and not laying up for the cold."

"Aye, Balmey has a reason for every superstition. I wish I could believe him."

Kathleen left Mrs. Arthur's home in a thoughtful mood. The mood remained through the long evening, through the delicious dinner on the menu which included all the favorite Scottish dishes from onion pudding to Rice Flour cake.

Donald MacDonald in his own home was yet another person—charming, considerate. He spoke of his family, especially of his widowed mother who summered with him, then returned to Los Angeles for the winter; and of his cousin Norman who would be with him before long.

Kathleen listened with one ear; with the other she seemed attuned to some vibration in that room; a peculiar throbbing which had an intoxicating quality. She was shocked to learn that the throbbing was the quick beat of her heart. The attitude, unquestionably; that and the air. The air in these mountains was so clear and light one felt buoyant.

She admitted enjoying the comfort of the lodge. Later, huddled before her own fire, she spoke of it.

"Imagine, that fire kept going without me. And that cough, Bridget, there were moments when I wanted to sink clear out of sight and spend the night on it."

Her bed was as uncompromising as the future. It was a cold, barren fact. She spent most of the night tossing on it, her mind active—building, rebuilding and with each board laid on board calling MacDonald to come and see if he could have her.

Morning dawned with a steady rain dimming the landscape and the big room filled with damp, cold air. Had she not been so intent upon her plans, Kathleen might have complained. As it was she felt vague pity for Bridget who had been drawn into this life with her, and slipped in to build a fire for her.

## 'A Fairy Tale'

"I'm going to crash the Gregorys today," she confided. "I don't

## Wisconsin Man Tosses Challenge to Population

Chicago, Oct. 14 (AP)—Fred H. Clausen of Horicon, Wis., chairman of the U. S. Chamber of Commerce finance committee, today challenged "men charged with business management" and citizens at large to consider "how much government we can pay for?"

In an address prepared for delivery at the silver jubilee convention of the Mortgage Bankers Association of America, Clausen said that for the fiscal year, ending June 30, the government will spend nine billion dollars, the largest peace time expenditure.

Ross, health officer, will be in charge. The Ladies Auxiliary of the fire department will hold a card party at the fire house Thursday, October 20, at 8 p. m. The public is invited to attend.

## Cahill Funeral Services Are Held

(Continued from Page One)

spirit of faith until he could return.

Our gathering here today is a sign that his spirit is hovering over his little flock in Staten Island, whilst his mortal remains lie within this hallowed place where he offered his first Mass. Father Cahill was born here in Kingston, baptized in this church, and offered up his first Mass at this very altar. The story of his life becomes incidental in the lives of many who are present here today. There are men and women before me who sat in the same classrooms with him; men who were his partners as sanctuary boys; yes, even some were Seminary students and likewise raised to the exalted position of a priest of God—in fact another Christ. St. Gregory Nazianzen, writing to his friend, St. Basil, left this beautiful eulogium of him: "He was a priest even before he was raised to the priestly dignity." You who remember him as a boy will recall his gravity of manner, his zeal for the house of God, his piety, and above all the innocent purity of his life. You will remember him in the sanctuary, ministering at the "Holy of Holies." You remember him in high school, in college and in the seminary, over grave in waiting for and preparing to be a priest.

What, after all, is a priest? A priest is the mediator between God and his people; the priest is the one to keep up the relationship between Creature and Creator. Wherein does the vocation of the priest consist? "For every high priest taken from men is ordained for men in things that pertain to God that he may offer up gifts and sacrifices for sin." (Heb. 5:1). Accordingly, the priest is destined and considered to be a mediator between God and his people; to render to the Divine Lord by sacrifice and prayer, due honor and suitable atonement for sin; and to provide and sanctify mankind by dispensing grace and heavenly blessings. The proper and essential office of the priest is to offer sacrifice and forgive sins. Christ offered an infinitely precious sacrifice of adoration, propitiation, thanksgiving and petition. A sacrifice giving to God all honor and glory and to man, grace and salvation. Jesus Christ is the High Priest of all time and all men. There were priests before Him, and priests after Him. Those before Him were destined to prepare by sacrifice of burnt offerings, the one great sacrifice of Jesus Christ, in order to preserve in mankind the belief of the coming Redeemer.

The priest of the New Law does not approach the altar in his own name and person, but in the name and person of Jesus Christ; and it is He who by them and in them, exercises the priestly office, continually representing the great sacrifice to the Father. This is in truth the one High Priest of the whole human race. It is God, Himself, who imparts His powers to His priests. No one can and no one dares to exercise the priestly office if he has not been chosen by God. "Neither dost any man take the honor to himself; but he that was called as Aaron was." The Lord hath sworn and He will not repent: "Thou art a priest forever according to the order of Melchisedech."

The tremendous powers that were given to you, Father Cahill, on your ordination day; you were not worthy to receive. As a matter of fact, no man was ever worthy to be a priest. To be one who takes the place; yea to be one who not only takes the place, but rather becomes Christ Himself, in the exercise of the priestly office. If the Blessed Virgin hesitated when the Angel Gabriel announced that she was chosen to be the Mother of God, and the whole heavenly choir trembled until she responded, "be it done unto me according to thy word," what trembling unworthy man is fit to be a priest?

We know full well that intimate story of the Last Supper on Holy Thursday, when Jesus Christ gathered His apostles around about Him, thinking of the terrible tragedy of Good Friday. Looking down through the centuries over the souls that God created and were to be created, and who were to be redeemed by this great Act

of Sacrifice. He wanted this act to continue, but in a different manner of offering, and therefore in solemnity. He changed the bread and wine on the table before Him into His own body and blood. He then told the apostles to do what He had done in memory of Him. He had given them full power over Himself; and then we know on Easter morning, He gave them the power and control over His mystical Body, or His Church. He gave them the power to forgive sin.

These powers and privileges, Father Cahill, you have made use of for twenty-nine years. These powers represent thousands of Masses and ten thousands of absolutions and other graces you have dispensed during these years to the young, the old, the sick, the strong, in your years of labor, and especially the power and control you now standing before the throne of Almighty God with outstretched hands, saying like Cornelia the mother of the Gracchi when asked by a Roman matron where were her jewels, and presenting her two boys, Tiberius and Gaius, said "these are my jewels." Yes, Father, we can hear you say "these are my jewels" gathered in your many places of service, and most especially in the orphaned children at Mount Loreta. What jewels have you of diamonds and rubies and other precious stones. You present your kind words, your alms giving, your sick calls, your Masses, your absolutions, your consoling of the orphaned and the widowed. My dear brethren, we know our Divine Lord selected men and not angels as his first priests.

Did He not go from town to town, selecting here a fisherman, there a tentmaker, here a tax collector, there a boat builder, until he had completed the original band of twelve? Human to the core, every mother's son of them; nevertheless, inoculated with the spirituality of Christ. These twelve were the first priests; they became the foundation stone of His new society or church. This noble band went forth into the world seeking in the face of every man, woman and child, the image of its creator. These are the ones the Savior died for. These are the ones He established His church for.

If the apostles were human and frail even with Christ in their midst, what humanness and frailty do we find in their successors, and because of this we are asked to remember our dearly beloved deceased friend in our prayers, our Communion, and especially in the Holy Sacrifice of

the Mass. Would to God our loved one is now in Heaven, because has not during the last fifteen months had a Purgatory here on earth? Almighty God is the Judge, and if he is not in Heaven, please God we promise by our assistance to have him numbered among the blessed for ever and ever. Amen.

## People's Store to Observe Anniversary of Founding

The Peoples Store with a branch at 233 Wall street will observe its 45th anniversary, for the next few days, it was announced today.

The local store is one of a group of family clothing stores which was founded in 1893 as a single small unit at Troy by H. H. Butler, who still actively directs the business. Mr. Butler is known nationally as a pioneer in the field of credit selling.

A sale marking the anniversary will start tomorrow. Prices are to be reduced and a free birthday gift will be given customers who visit the store during the celebration.

## Suspend License

London, Oct. 14 (AP)—The British boxing board of control today suspended the license of Tommy Farr, Welsh heavyweight, for failure to pay \$3,750 to Promoter Sydney Hulis. The board awarded Hulis this amount after Farr was charged with running out on a contract to meet Max Schmeling at Hulis' White City Stadium in September, 1937.

## Radium in Sea Waters

New Haven, Conn., Oct. 14 (AP)—There is radium in the waters of the sea and 10 times as much of it in the mud at the bottom as in the water. This report was made today at Yale University, in the American Journal of Science, by Robley D. Evans, Massachusetts Institute of Technology, Arthur F. Kip, University of California, and E. H. Moberg, Scripps Institute of Technology.

## Balloon Is Damaged

Zakopane, Poland, Oct. 14 (AP)—An explosion seriously damaged the "Star of Poland" stratosphere balloon today and a projected ascension was postponed until next year. The builders had hoped the gigantic balloon would rise 15 miles above sea level. Preparations begun at midnight for a take-off were halted by high wind. During deflation the hydrogen exploded. No casualties resulted.

## E. C. Segar Dies At Santa Monica

Santa Monica, Calif., Oct. 14 (AP)—E. C. Segar, the house painter who became a cartoonist by taking a \$20 mail order course, left in death today a million-dollar legacy of comic characters to amuse the world.

The creator of "Thimble Theatre" and "Popeye the Sailor" died at his home here last night, after a long illness. He was 44.

Since last January his condition had been so serious that he did little actual drawing. Others carried on the whimsical adventures of Popeye, spinach eater de luxe; J. Wellington Wimpy, hamburger chief and the Oyl Family—Olive, Castor and Anna.

Recently Segar underwent an operation for removal of the spleen. But even that failed to restore his ebbing strength. He had been in a coma 24 hours when death came, with Mrs. Segar, his 15-year-old daughter Marie, and his 12-year-old son, Tommy, at his bedside.

King features announced today in New York that "Thimble Theatre" would be continued as a daily strip, just as "The Gumps" lived on after the death of Sidney Smith, the cartoon family's creator, in 1935.

## Irwin Trial October 27

New York, Oct. 14 (AP)—Robert Irwin, 29-year-old sculptor, accused of the Beekman Hill triple murder of Easter Sunday, 1937, will go on trial October 27 Judge George L. Donnellan decided today. Judge James G. Wallace will preside. Irwin, who was indicted for the slaying of Veronica Gedeon, artists model, her mother, Mrs. Mary Gedeon, and Frank Byrnes, a lodger, will be tried for Byrnes' death.

## Ohio Hears Modern Version Of Lincoln-Douglas Debates

By the AP Feature Service  
Columbus, O.—Eighty years ago Stephen A. Douglas and Abraham Lincoln campaigned for a Senate seat from Illinois by debating, from the same platform, their dual made political history. This year Ohio senatorial candidates follow the same idea. Each chooses three subjects for six debates, the last October 29. Here are the debaters.

CHALLENGED

CHALLENGER

Robert J. Bulkley of Cleveland defends his seat as senior senator. He's a down-the-line New Dealer, got a pat in the primary from President Roosevelt, his classmate at Harvard. Steins from wealthy family. Likes to travel, fish and hunt. He's 58, smiling, affable, successful as a lawyer. Went to Congress in 1911 as a representative, became senator in 1926. Banking and currency have been his chief legislative interests. He was an early advocate of prohibition repeal. Married; has two children.

Robert A. Taft of Cincinnati, son of the late President and Chief Justice, proposed the debate. He's a Republican, a vigorous anti-New Dealer. Was graduated from Yale and Harvard, has built up a big law practice. Never smiling, affable, successful as a lawyer. Went to Congress in 1911 as a representative, became senator in 1926. Banking and currency have been his chief legislative interests. He was an early advocate of prohibition repeal. Married; has two children.

## Aramaic Used by Christ Northern Syria Dialect

Jesus Christ was a Jew, and the language he spoke was the Aramaic, the dialect of northern Syria. The Israelites were much in contact with Aramaean populations, and some words from the tongue became incorporated into the Hebrew at a very early date. At the time of Hezekiah, notes a writer in the Cleveland Plain Dealer, Aramaic had become the official language of both Judea and Assyria; that is, the language spoken at the court. After the fall of Samaria the Hebrew inhabitants of northern Israel were largely carried into captivity and their place was taken by colonists from Syria, who probably spoke Aramaic as their mother tongue. The fall of the Jewish kingdom hastened the decay of Hebrew as a spoken language—not that the captives forgot their own language, as is generally assumed, but after the return to Judea the Jews found themselves, a people few in number, among a large number of surrounding populations using the Aramaic tongue. When the latest books of the Old Testament were written Hebrew, though still the language of literature, had been supplanted by Aramaic as the language of common life. From that time on the former tongue was the exclusive property of scholars, and has no history save that of a merely literary language.

## Greyhounds Pictured on Ancient Egyptian Stones

Earliest records of dogs include the greyhound, variations of this breed being depicted on Egyptian stones. The Afghan hound and the Saluki are forms of the greyhound, although their appearance is somewhat different. The Afghan hound is well covered with hair and the Saluki, noble in appearance, is distinguished mainly by luxuriant feathering.

England has made wide use of hounds and, although not recognized, the old hound dog is a familiar sight in America, writes Edwin McK. Johnson in the Chicago Daily News. English breeds include the Bassett, Beagle, harrier, bloodhound and whippet—each with its distinct function. With the exception of the whippet, these breeds are scent hunters. The whippet, like the greyhound, Saluki, Afghan, Borzoi and Irish Wolfhound are primarily sight hunters, running down quarry by sheer speed and power rather than by tracking.

The foxhound and harrier are dogs of the chase. Beagles, too, are used in packs as are cross-bred hounds. The Borzoi (Russian wolfhound) is one of the most artistic appearing breeds, but its background reveals its original use for tearing wolves to pieces. Running in packs, these large dogs provided rare sport for the Romanoffs.

Irish wolfhounds, once near extinction, are the largest dogs of all.

## Bible Facts

All book-lovers read the Bible for the beautiful, dignified English it contains, if for no deeper reason. Men who have made a very careful analysis of the Bible say that it contains 3,566,480 letters, 810,697 words, 31,175 verses, 1,169 chapters, and 66 books. The word "and" occurs no fewer than 46,627 times and the word "Lord" 1,588 times. Those who order their lives by the Bible could not choose a better set of practical instructions. The Book of Proverbs contains the sanest advice on behavior ever given to man. In the earlier books there are rules for eating and drinking, for sowing crops and the maintenance of bodily health. Historically, it is accurate; it contains a comprehensive list of the flora and fauna of Palestine and the surrounding countries, their merchandise and mineral products.

## Dr. Keator Asks Support of Drive

The following is an open letter to the people of Kingston and Ulster and Greene counties from Dr. H. W. Keator, general chairman of the finance campaign of the Ulster-Greene Council, Inc., Boy Scouts of America:

"The Ulster-Greene Council, Inc., again makes its annual appeal for funds to the people of Ulster and Greene counties. This appeal is being made between October 2 and 21. Some 500 men and women are engaged in making this annual canvass.

"The Scout Council comes to you, the people of our area, this year with a special appeal.

"For the past several years this organization has been endeavoring to meet all calls upon it, to extend its services to a greater number of boys, to reach into more and more communities, organizations and institutions. During this time, in keeping with the trend of times, we have tried to reduce our budget and yet maintain our work effectively.

"Last year when our budget was prepared it was set up to serve about 750 boys. During the past year we have had an unusual growth, until today we find some 866 boys registered in 45 units throughout our area. During the first nine months of this year we have received 23 requests for new units and up to date we have been able to organize but seven of these. This leaves 22 waiting for our service with 275 to 300 boys waiting to become Scouts.

"In addition to the above 29 requests for Scout troop units, we have had 11 calls for Cubbing which is the pre-scout program for boys 9, 10 and 11 years of age—this total of boys would reach approximately well over 200. In addition we have had 10 calls for the organization of Senior Scouting for young men from 16 to 21 years of age.

"Experience has proved that organization is not our only problem—the rendering and maintaining of adequate service and

guidance throughout the year is most important in order to develop the program of scouting effectively including the training of leaders and committeemen and all other adults connected with the many activities.

"One of two things must be done—if funds are forthcoming the work will increase, more boys will be able to receive the benefits of scouting—or the program and activities of our council must be curtailed and thus deprive many boys of the values of character building and citizenship training. To deny boys this privilege and opportunity would be a

serious indictment upon all right thinking people. Experience has proved that prevention is cheaper and more effective than cure. The program of the Boy Scouts of America is recognized as one of the greatest forces for character development this country has seen or experienced.

"The members of the Ulster-Greene Council, Inc., make this appeal to all citizens at this time, to make it possible for the Scout organization to render its service, to increase as well as maintain its work for boys—by subscribing to the annual budget."

## Will Hold Rally For Scout Drive

The opening rally and supper meeting for all workers of the Boy Scout finance campaign of the Kingston District will be held this evening in the new gym at the Y. M. C. A. at 6:29 o'clock.

Over 100 men and women workers on the various teams, will receive their full instructions and information to assist them in the task they have during the coming week.

The gathering this evening will be presided over by George Matthews, the finance chairman of the district, and the inspirational talk will be given by the Rev. Clarence D. Brown, pastor of the Wurts Street Baptist Church.

The instructions and mechanics of the campaign will be explained by Scout Executive Wright. Music will be in charge of Paul Zucca with Ed Ward at the piano.

One of the outstanding features in the Boy Scout campaign this year has been the window display poster campaign conducted throughout the schools during the past two to three weeks. Hundreds of window posters which prove to be most effective and excellent in design have been made and these will be put on display throughout the city beginning tomorrow. Judges are to pick first, second and third winners and prizes will be awarded at one of the report suppers during the campaign.

The various team captains have added to their teams during the past day or two so that there will be a sufficient number of workers to canvass the community during the coming week.

## Hunting Season Opens Here On Saturday, October 15th

Hunters who go afield Saturday, October 15, when the hunting season for several kinds of wild life opens in this locality, should familiarize themselves with the law before starting out, since there are a number of changes this year in the conservation law. Particular attention should be paid to time when the season opens, for in many instances the hours on the first day of the season are shorter than on following days.

Inspector Fred DeWitt today supplied The Freeman with a summary of the law relative to the more common kinds of wild life which is hunted in this locality. A careful study of the open season, dates, hours of open season and the bag limit may prevent many unpleasant encounters with the enforcement officers and will also lighten the burden on the game wardens.

Open season on water-fowl, woodcock, bear opens Saturday. The open season of quail, partridge or grouse, pheasants and carrying hares and cottontail rabbits will open October 17. The deer season in this locality this year is from December 1 to December 15, inclusive, and none but deer with horns three inches long or over may be taken.

In the 1938 syllabus the bear season is given as from October 15 to December 15, inclusive, but this is in error, the season remains open from October 15 to December 31, inclusive.

One warning which is issued by the conservation department and is urged by Inspector DeWitt is that all persons in the field be particularly careful in the use of firearms in the woods so as to prevent accidents to themselves and others, and also to be careful of property.

The hours for hunting the several kinds of game, and the bag limits follow:

Waterfowl—7 a. m. to 4 p. m., bag limit 10 in aggregate, not more than three of one kind or more than three in the aggregate of canvasback, redhead, buffhead and ruddy. October 15 to November 21.

Woodcock—7 a. m. to sunset, daily bag limit four. October 15 to November 14.

Partridge or grouse—12 noon first day to 5 p. m., 7 a. m. to 5 p. m. thereafter; bag limit three a day, 15 for the season. October 17 to November 21.

Pheasants—12 noon first day to 5 p. m.; 7 a. m. to 5 p. m. thereafter, bag limit, two in one day, six in season. October 17 to October 29, Sundays excluded.

Varying, hare and cottontail rabbits—12 noon to 5 p. m. first day, 7 a. m. to 5 p. m. thereafter; bag limit, three hares or six rabbits in one day or six in the aggregate. October 17 to January 31.

Squirrels, black and gray fox—12 noon on first day to 5 p. m.; thereafter 7 a. m. to 5 p. m.; limit of take, five. October 17 to November 21.

Deer—7 a. m. to 5 p. m., one deer a season. December 1 to December 15.

Quail—7 a. m. to 5 p. m., one quail a season. December 1 to December 15.

Partridge or grouse—12 noon first day to 5 p. m., 7 a. m. to 5 p. m. thereafter; bag limit three a day, 15 for the season. October 17 to November 21.

Pheasants—12 noon first day to 5 p. m.; 7 a. m. to 5 p. m. thereafter, bag limit, two in one day, six in season. October 17 to October 29, Sundays excluded.

Varying, hare and cottontail rabbits—12 noon to 5 p. m. first day, 7 a. m. to 5 p. m. thereafter; bag limit, three hares or six rabbits in one day or six in the aggregate. October 17 to January 31.

Squirrels, black and gray fox—12 noon on first day to 5 p. m.; thereafter 7 a. m. to 5 p. m.; limit of take, five. October 17 to November 21.

Deer—7 a. m. to 5 p. m., one deer a season. December 1 to December 15.

Quail—7 a. m. to 5 p. m., one quail a season. December 1 to December 15.

## Battleship Building Threatens Naval Program

Washington, Oct. 14 (AP)—The complexities of building 35,000-ton battleships threatened delay today for the navy's expansion program.

For the second time the navy has extended the period for filing

bids on three battleships for which Congress has appropriated initial funds. At the request of shipbuilders the date for opening bids was advanced from October 19 to November 2.

Naval circles heard that since no battleships have been constructed in this country for 15 years, builders needed more time for estimates and negotiations with sub-contractors.

**HOLLYWOOD**—One smart girl grows up:

On the evening of December 4 there'll be a birthday party at Andre de Segura's house. The guest of honor, who is de Segura's star voice pupil, will be celebrating 16 years of life, the last three spent in the glowing light that falls on real movie celebrity.

Deanna Durbin will wear her hair "up" for the occasion—but she will not be escorted by a "boy friend." So all the mamas of growing girls can breathe easily again.

This is no idle gossip. The mothers of America already have written in, and they will do so again. To Deanna, to Deanna's mama, to Joseph Pasternak, Deanna's producer, letters rushed in perishing-the-thought that Deanna might be allowed a screen boyfriend in "That Certain Age."

**RIGHT** now, on the threshold of the sweetest possible 16, Deanna is a young lady of quiet poise and assurance which masks a natural shyness; she is given to deliberate, serious answers to some of your casual questions—and again, with a laugh that is half smile, half giggle, she'll chatter away for all of two minutes at a stretch. She did this about putting her hair "up" for the first time, and she repeated on the matter of the possible "boy-friend."

"Oh, I can't," she said. "There are so many people who object—and then there are SOME newspaper critics," she added with just the ghost of a pout, "who always look for a chance to write up things like that. I went with Jackie Cooper to the 'Tom Sawyer' preview—my mother and father and my mother and father went with us—and the next day someone wrote that Jackie and I were seen together at some cheap night club and how awful it was!"

"But were you?" the prosecution demanded sternly.

"Oh, NO—O—O!" Deanna's blue eyes widened. "I've never been in a night club—except to sing when the studio used to send me. And oh, yes—I saw some in New York but that was because Mr. Pasternak told me to. So I'd know what they were like, because in the picture I had to go to one."

"NO, really I can't do anything—but I MANAGE," she brightened.

"Manage?"

"I mean I have a good time—at home, with friends, or just by myself. I have a good time."

Deanna's ultimate ambition is to sing in opera. She hasn't had time to study for it, however.

Her next picture is "Three Smart Girls Grow Up."—A striking evidence that Deanna is growing up is in her fingernails. She doesn't bite them any more.

Money can't buy everything. It can't even buy a nallon out of a depression!

He had been to a stag dinner, and his wife wanted to hear all about it when he got home:

He—Well, one rather odd thing occurred. Jim Blank got up and left the table because some fellows told a story he didn't approve of.

Wife—How noble of Mr. Blank, and what was the story, John?

A reader says the reason a woman's mind is clearer than a man's is because she changes it often.

Try this on your wife. Our bet is, however, she will like a present better: Mr. Timson came home one evening to find his wife visibly displeased.

Wife—Do you realize, John, that you have forgotten that this is my anniversary?

Husband—Of course, I've forgotten. There really isn't anything about you to remind me that you're a day older than you were a year ago—or even ten years ago.

Time flies when you consider how recently you bought the children's shoes which now need halsoles. But it goes on crutches if you think how long it takes to get back that \$10 you lent with the promise that it would be repaid next week.

So credulous and susceptible is Miss Idalia Ives.

When told she was sweet as honey, she broke out with the lilies.

Collector—Yes.

Solicitor—And what did he say?

Collector—He told me to go to the devil.

Solicitor—And what did you do?

Collector—I came to see you.

Silver Paper

**CHRISTOPHER COLUMBUS** CROW and Willy Nilly decided they would ask the man for any scraps of silver paper or foil that he had.

"That is all he wants," said Willy Nilly. "He'd like that for his nest and to take out when the sun shines and see how brightly it gleams. You've done so much for us, and we must be on our way."

The Puddle Muddlers all came running to Willy Nilly. They were ready to go. They began to pile into the trailer, into the automobile. Two—Ways and were off, shouting good-bys to the mother and father, the children and the neighbors when suddenly an old car in which were a tired, sad looking couple, stopped and the man driving the car said:

"I must speak to you. I must, I must, I must."

"Yes, he must speak to you," the woman said. "Don't go now. Wait until you hear what we have to say."

"Do you mean you want to speak to me?" asked Willy Nilly. "You've looked directly at him and yet he had never seen this couple before. What could they want? Why did they look so sad, so tired? Why did they want to speak to him?"

Willy Nilly was far enough away from the people with whom he had been stopping to know that the couple did not wish to speak to them. The automobile Two-Ways had not got out of waving distance—but it was on its way. He parked by the side of the road. "But you don't know me," he said. "You must have made a mistake." And now he was wishing he had not stopped. Did these people mean trouble for them?

Tomorrow—"Willy Nilly's Fear."

**Winnipeg**—The adage "A bird in the hand is worth two in the bush" didn't run true to form for Albert Armistead and Walter Scofield.

Armistead fired into a flight of ducks and brought one down. Scofield placed the duck carefully in the pocket of his hunting coat.

A short time later Scofield felt a rustling as the mallard, only stunned by Armistead's shot, took off from his pocket.

**Premature Celebration**

Baltimore—Magistrate Donald P. Roman doesn't believe it's too late to postpone a wedding.

Charles Eberwein was hauled before him charged with reckless driving and driving while intoxicated.

"I was going to be married Sunday," Eberwein explained.

"Celebrating early?" asked the magistrate.

Eberwein nodded.

"Thirty days in jail," said the magistrate.

Colfax, Wash.—There's nothing so effective as a good example in teaching football, opined Coach Walter Henry.

He lined up his high school gridsters to show them how to evade tacklers.

The first boy to charge the coach brought him down—with a broken leg.

## Faculty Gives Dinner For Former Teachers

Members of the faculty of School No. 5 entertained at a dinner last evening at the Maple Arch Homestead at Hurley in honor of Principal Frank L. Meagher and Miss Ruth Glendening and Miss Clara Ostrander, who have been transferred to the new Myron J. Michael School, of which Colonel Meagher is now the head. He served No. 5 as its principal for many years. Miss Glendening and Miss Ostrander have been the eighth grade teachers in School No. 5 for a number of years and are now teaching the same grades in the new school.

Covers were laid for 26 guests at a table decorated with red roses and white chrysanthemums. A gift of a beautiful desk set was given to each of the teachers by the faculty. Each of the teachers received smart purses. Arrangements for the dinner were in charge of Miss Caroline Hearn.

The following were in attendance: Mrs. Frank L. Meagher, Miss Miriam Halloran, Miss Catherine Brennan, Miss Etta Anderson, Miss Alice Gillett, Miss Ella Hession, Miss Marie Sheppard, Mrs. Joseph Disch, Miss Caroline Hearn, Miss Hazel Wachmeyer, Miss Florence Mulhern, Miss Ella Powers, Miss Edith Gage, Miss Regina Peters, Mrs. Floyd G. Edinger, Miss Marjorie Gorham and Principal A. J. Boyd. The following former members of the School No. 5 faculty were also guests, Mrs. Edward Gallagher, Miss Sally Gallagher, Mrs. H. B. Decker, Miss Venette Overbagh and Mrs. James A. Dwyer.

## Rogues' Harbor Club Elects

The annual meeting of the members of the Rogues Harbor Club of Stone Ridge and vicinity was held Sunday at the residence of Dr. Sanger S. Carleton. Kenneth Davenport and Dr. Edward P. Shea were elected as new members of the board of governors. The following officers were chosen for the 1939 season: President, William F. Hasbrouck, Jr.; vice-president, Kenneth Davenport; treasurer, Dr. Sanger Carleton; and secretary, Dr. Edward Shea. A vote of thanks was extended to the retiring president, Henry J. Wood. The organization is now four years old and has a membership list of 70.

## W. C. T. U. Convention

The 65th annual convention of the Woman's Christian Temperance Union of New York state is in session in the First Baptist Church, Poughkeepsie. The session began yesterday and will run through next Monday. Dr. Ella Boole, president of the World Union; Congressman Fish; Clinton N. Howard, the little giant; Judge Harry N. Porter, chairman of the national safety council's committee on tests for intoxication, and Dr. Henry W. Keator of this city, are to be the chief speakers. The Kingston Union will have delegates in attendance at this convention.

Club Meets

The regular meeting of the Rosendale Women's Club was held Tuesday evening, October 11, at the home of Mrs. Rudolph Zeller, Lawrenceville. The attendance was large and a progressive program was planned for the ensuing year. The next meeting is to be held Tuesday evening, November 1.

Measuring Spider's Web

An expert, who has the time and the instruments to make measurements of the most delicate kind, declared that the thread of a full-grown spider is so thin that 10,000 of them would be needed to make up the thickness of one ordinary human hair. He says, too, that baby spiders often begin to spin when they are only one 400th of the size they reach later. And since the lines made by these youngsters are a great deal thinner than the grown-up size, probably several times 10,000 of them are needed to make up the width of a hair.

## Cats Said to Have Come From Section in Egypt

Where did Puss come from originally? Her first home, like that of wheat, tea, and other commonplace things, is lost in the past. Her name, Puss, is a form of Perse (Persian), according to a writer in London Tit-Bits magazine.

Experts tell us that cats migrated from ancient Egypt in two directions, after crossing into southern Europe. The first tribe went northward and westward; these appear as the wild cat of the Carpathian and Hartz mountains, and the north of Scotland. The others went eastward and northward, these produced the familiar Persian cat. From the same tribe came the wild-less Manx variety, whose home was in Japan before it reached the Isle of Man. A third kind arose from the same source, in the East Indies, with a short, smooth tail having a knob at the tip.

Puss lost her high character rapidly after the old Egyptian times. She got mixed up with Satan, witches and that kind of thing. A witch, it was said, loved to change herself into a cat.

It was once a common trick in country markets to tie up a cat, instead of a sucking pig, in a bag and offer it for sale. Should any country mouse not want to "buy a pig in a poke," he must first "let the cat out of the bag."

'Curiosity Killed Cat,'

Taken From Old Saying

The saying "Curiosity killed the cat" is believed to be a corruption of the older saying, "Care killed the cat." It is one of the sayings perpetuated more by sound than sense, according to a writer in the Boston Herald. A proverb known in England and Scotland from time immemorial says that a cat has nine lives, yet care will wear them out. "Hang sorrow, care will kill a cat," occurs in "Christmas," a poem written by George Withers, who died in 1667. The same line is attributed to Ben Johnson, John Taylor and others.

This proverb probably originated originally to the fact that cats are frequently so jettied and pampered that they become fat. However, cats are not usually thought of as being especially curious.

Why "Care killed the cat" was changed to "Curiosity killed the cat" is a puzzling question. One writer says a plausible explanation of this change is found in the fact that one of the figurative senses of "cat" is "a human being who scratches like a cat, particularly a spiteful or back-biting woman."

The Shakers

The Shakers were an American religious communal sect who made their first appearance in 1776 at Niskayuna, which is the name by which Watervliet, N. Y., was then known. In the subsequent century other colonies formed in Massachusetts, Vermont, New York state, Kentucky and other sections of the country. They practice celibacy, oral confession and community of goods. They hold doctrines of non-resistance and non-participation in worldly government.

## Men's Club of West Park Plan Supper and Exhibit

The Ulster County Photographic Society will hold an exhibition of photography in Ascension Parish House in West Park, on the evening of Thursday, November 17. First, second and third prize ribbons will be awarded by popular vote for the three best pictures on exhibit.

This showing will be in conjunction with the roast beef supper to be prepared, cooked and served on that same evening by the men of Ascension parish. This affair, being sponsored by the men of the church, will be given for the benefit of the organ fund.

The chairman is Rousen Guljian of Ulster Park. W. Herman Jordan of Highland is managing the exhibition of photographs, and the supper by George Tiltseid of Ulster Park.

To Hold Party

Tappen Camp No. 1, sons of Union Veterans of the Civil War, and their Auxiliary No. 1, will open their fall activities with a pinocle party to be held in Mechanics Hall, 14 Hager street, Tuesday evening, October 18. The play starts at 8 o'clock. The public is cordially invited to participate.

## John D. Fratscher Dies Suddenly of Heart Ailment

John D. Fratscher, for many years one of the outstanding figures in the life of Ulster county, died suddenly Wednesday evening while seated in a chair in his home on Elm street in Saugerties. He was in his 75th year. His death was due to a heart attack.

Mr. Fratscher was born in Saugerties, November 16, 1863, the son of the late Lewis Fratscher and Sarah Whitley. He received his education in the Saugerties schools, and also attended night school, where he acquired a splendid knowledge of bookkeeping.

When about 19 years of age Mr. Fratscher entered the employ of the George W. Cross Blank Book Co. as bookkeeper. He was later employed by the Ulster Iron Works and remained with them from 1882 until the works shut down. In 1891 he became a member of the firm known as the Davis Clothing Co., whose store was on Partition street, in which he was partner.

Mr. Fratscher had a distinguished public career, serving his constituents faithfully for about 42 years, in the offices of supervisor, county clerk and as postmaster of Saugerties. He was a staunch Republican, loyal to his party, in which he occupied a position of trust.

In 1885 Mr. Fratscher started his political career when he was appointed a page in the Assembly at Albany and later as clerk of the Assembly from 1886 to 1889. In 1892 he ran for supervisor on the Republican ticket but was defeated. In 1893 he was again nominated for supervisor, and was elected. He served as supervisor from 1893 to 1897 and again from 1914 to 1923. He was elected chairman of the Board of Super-

visors in 1894, and was the first chairman from the town of Saugerties, and the youngest man to hold the office. Again in 1922 he was honored with the chairmanship of the Board of Supervisors for one year. He was also honored by the voters of Ulster county when in 1901 he was elected to the office of county clerk, which office he held until 1912.

Mr. Fratscher also served as postmaster of the Saugerties post office, from October 13, 1923 to December 31, 1923, when he served as acting postmaster and from January 1, 1924 to March 17, 1938, as postmaster. Mr. Fratscher had lived a life of retirement since the expiration of his term as postmaster.

Fraternally Mr. Fratscher was a life member of Ulster Lodge, No. 193, F. & A. M., and a member of William H. Raymond Lodge, No. 50, I. O. O. F. In past years Mr. Fratscher was greatly interested in fraternal matters and was one of the first members of R. A. Snyder Co., in which company he served as secretary.

Mr. Fratscher is survived by his wife and four nephews, Lewis F. Fellows, John B. Fellows and E. Leslie Fellows of Saugerties and Charles Fratscher of Lansing, Mich.

Funeral services in charge of Ulster Lodge, No. 193, F. & A. M., will be held from the late home Saturday afternoon at 2:30 o'clock. Burial in Mountain View cemetery, Saugerties.

## Dutchess Jury Indicts Joy

Poughkeepsie, N. Y., Oct. 14 (AP)—Indictments charging six men with being common gamblers were returned by a Dutchess county grand jury here today.

The indictments, reported to County Judge J. Gordon Flannery, came in the midst of a campaign for district attorney in President Roosevelt's home county in which Democratic Candidate Richard P. Russell charged Republican Prosecutor John R. Schwartz with "closing his eyes to wide open gambling while cracking down on bingo games."

Schwartz, seeking a fourth term as district attorney, declined to say whether today's indictments concluded his investigation.

Open indictments were returned against Gus Joy, 44, Poughkeepsie sports promoter, and Joseph Dahowski, 38, former State Trooper and former city policeman here. The other bills were sealed.

Joy and Dahowski were arrested last August after a raid on a room over a store here and have been at liberty since on \$100 bail each.

The grand jury also returned an indictment charging Edward T. Fabre, 25, Beacon, N. Y., with first degree robbery and grand larceny in connection with two holdups of motorists.

**Obedience Failed His Name**

Obedience Phillips, Saugerties negro farmer, failed to live up to his name when it came to observing the law in regard to proper brakes on his car. He was arrested at Lake Katrine by Troopers Reilly and Senecal and on arraignment before Justice R. J. Mooney was fined \$5. In default of the fine he was committed to the Ulster county jail for five days.

**328 Varieties of Birds Discovered in Michigan**

ANN ARBOR—A new check list of bird species found in Michigan, prepared by Prof. Joselyn Van Tyne, curator of birds at the University of Michigan museum, shows more than 328 varieties of birds found within the state. Of these, 189 are known to nest in Michigan.

Pointing out that the list does not claim to be complete, Professor Van Tyne said that the museum is soliciting records, authenticated by specimens wherever possible, to correct and supplement present information on Michigan birds.

## Financial and Commercial

### Stocks Hit New Highs Thursday

Stocks rose sharply yesterday and new highs for the move were made as total transactions stood at 2,360,000 shares. Gains were the best in over a week and exceeded in recent sessions only by those of October 5, as industrialists set a new high for the year. As measured in the Dow-Jones averages industrial issues advanced 3.05 points, closing at 162.46; rails gained 1.06 points, to 31.53 and utilities were up 0.77 point, to 22.57. Corporate bonds were higher, government issues mixed. Commodity prices were better with wheat up a cent in Chicago, sugar unchanged to up three points, hides up as much as 12 points, cotton was up 2 to off 3, rubber off 12 to 19. Copper advanced another quarter of a cent in the domestic market to 11 cents a pound as world refined stocks in September showed a decrease of 37,070 tons.

Following a statement at the White House by Bernard M. Baruch, presidential adviser, it was revealed that a four-point program for preparing the nation's industry for war-time demands had been far advanced by the administration. One of the points included overhauling of the railroads to insure adequate transportation of materials in case of emergency. Included in the plan was the expansion of army and navy training facilities for aviation mechanics.

An indication of better feeling between government and the utilities is seen in a statement made by Chairman Grosbeck of Electric Bond & Share, who told stockholders that his company would submit a tentative plan for system integration under the Public Utility Act by December 1; said that it appeared to him that the problems with the government could be settled fairly to all concerned. Most other utility systems are reported to be following the same course as Electric Bond & Share and will submit plans by December 1. Meanwhile it is stated that the SEC has allowed Republic Electric Power Corp. to retain properties in California and Oregon under the utility "death reclamation" though the commission recognizes that these properties do not constitute an integrated system.

Rail labor's formula for railroad rehabilitation, placed before the fact-finding board yesterday, and conditioned upon the railroads withdrawing their demand for a 16 per cent wage cut, include a transportation board to regulate all carriers, revision of rate-making policy, provisions for consideration of and government loans for temporary relief.

President Budd of Burlington road said that net income for September exceeded the \$565,267 reported for September a year ago and that company was in the black for the first nine months as a whole.

Southern Railway had gross of \$2,612,890 in first week in October, compared with \$2,575,850 in same week last year.

Further weakness developed yesterday in automotive steel prices some independents offering cold rolled sheets at \$2 a ton reduction below the recent cut of \$4.

Engineering construction awards for the week were 44 per cent over the same week in 1937. Freight car loadings for the week ended October 8 are estimated to have shown a more than seasonal gain, with an estimated total of 703,000 cars, comparing with 515,000 in the like 1937 week.

**Miss St. Clair Says Change Needed**

(Continued from Page One)

might take up the idea and see if they could not evolve a suitable and workable program.

The speaker noted that she had found one defect that seemed to be general so far as nurses are concerned. "We have grand nurses," she said, "but I haven't found one that could sew on a button." In closing Mrs. Lewis asked the nurses not to forget that "you cannot standardize persons."

Following Mrs. Lewis in the discussion, Mrs. Mary Blodort spoke for the "Private Duty Nurse" and Mrs. Loretta Doty, director of the nursing bureau of Nassau and Suffolk counties, for the "Registrar."

The convention opened with a dinner meeting at the Governor Clinton Hotel Thursday night. The first scheduled activity of today was a parliamentary procedure class from 8:45 to 9:45 in the lounge. There seemed to be much interest in this feature and the room was filled. Miss Almene A. Porter, president of District 11, presided, and Clarence L. Dumm, principal of the Kingston High School, was the parliamentary authority in attendance.

Miss Madeline Tarrant, of the department of public speaking and dramatics at the high school, put on a demonstration with a group of nurses conducting a meeting, business being discussed and minutes being read. It was declared to be a very interesting and instructive session and the "business" was so well conducted that at the close Professor Dumm said that he found nothing to criticize, but much to commend. He thought that it would be a good thing for the country if all its business was conducted with the same spirit of fairness and the same scrupulous attention to proper rules and procedure.

At 10 o'clock the morning session of the institute was opened in the Crystal room at the Governor Clinton Hotel, Mrs. Genevieve M. Clifford, chairman of the registry committee service nursing committee, presiding.

The main address of the morning was given by Miss Lulu St. Clair, executive secretary of the joint committee on community nursing service of the State Association. Miss St. Clair found that many interesting subjects connected with community nursing were awaiting trial in well thought out co-ordinated programs. These included such matters as employment of private duty nurses on a salary basis, supervision for subsidiary workers, education for all groups, and many others.

This afternoon, from 2 to 3:20, there were several round-table discussions held in various parts of the hotel.

The public health nurses heard "A public health officer's appraisal of public health nursing," by Dr. Harry L. Gantt, assistant district health officer for the State Department of Health. Horace B. Sodi, executive director of the Albany Community Chest, addressed the institutional nurses on "Who are the hospital's allies among the community health forces?"

Preview Windham Picture

At the final afternoon session today Captain Frank J. Smith, supervisor of the bureau of narcotic control, State Department of Health, discussed the question, "Are you guilty?"

He was followed by Leon M. Woodworth of Albany who showed sound motion pictures made by the State Department of Health illustrating various health subjects. A special treat was the preview showing of a film, "Serum to Windham." Mr. Woodworth said that this was a true story film, with scenes and characters authentic and showing the taking of serum to Windham last winter on an emergency case, with temperatures well below the zero mark. It shows the laboratories, the doctors, state troopers assisting, and scenes at the home. Mr. Woodworth also gave a talk on visual aids in health education.

For More Public Health Nurses

The board of directors of the State Nurses Association today gave its endorsement of a statewide attempt on the part of local county organizations to increase the number of public health nurses in the rural areas.

Mrs. Ethel G. Prince, president of the association, said, "The association welcomes the opportunity to be of assistance because there is a definite need and demand for more nurses." She added that "The recent years have shown an increasing demand on the part of the public for additional service. This has been due, at least in part, to demands relative to prevention of adult diseases such as those in connection with maternity and the prevention and control of syphilis, pneumonia, tuberculosis and cancer. To a large results in this work it is necessary to increase the number of nurses in counties. It has been estimated that one public health nurse should be employed for every 5,000 population. Even this will permit only minimum bedside services for pneumonia and maternity cases."

At High School Tonight

The institute session for tonight will be held in the high school auditorium at 8 o'clock, with Mrs. Ethel G. Prince, president of the state association, presiding.

Miss Almene A. Porter of the Kingston Hospital, president of District 11, will extend greetings and Mayor C. J. Heiselman will perform a like function on behalf of the city and the administration.

Addresses of the evening will be by Helen McDonough, chairman of the private duty section of the American Nurses' Association, and Ignatius D. Taubeneck, conductor of the Bronxville Community Forum. The former will discuss "Ways to Progress in Private Duty," and Mr. Taubeneck will talk on "The International Drama."

## Local Death Record

The Fourth Ward Republican Club called at the late home of Orville Hill, 194 Hasbrouck avenue, Tuesday evening, led by Mayor Conrad J. Heiselman. Mr. Hill, who died last Sunday was a foreman in the Ulster County Highways Department. His funeral, which was largely attended, was held Wednesday with burial in Wilkwyck cemetery. Religious services were conducted by the Rev. Clarence Brown of the Wurts Street Baptist Church. Bearers were H. Geerz, P. Wenzel, E. Otto, S. Straley, F. Saehloff and F. Shaw.

The funeral of James W. Buchanan was held this morning from his late home, No. 229 W. Chestnut street, at 9 o'clock and 9:30 at St. Peter's Church where a high Mass of requiem was offered for the repose of his soul by the Rev. John P. Neumann. His relatives, friends and neighbors were present at the services in large numbers to pay their last respects to his memory. The music during the Mass was under the direction of Arthur Belch and the soloist was William Raible, who sang "O Salutaris" at the offertory, and at the conclusion, as the

body was borne from the church he also sang "Jesu Dulcis Memoria." Many beautiful floral pieces and numerous Mass cards were placed near the casket in the home. Burial was made in the family plot in St. Peter's cemetery and the final absolution at the grave. Casket bearers were Henry Motrie, Frank Motrie, William Jordan, Michael Grancy, Carl Meller and Charles Rice.

Mrs. Assarina Johnson died at her home in Cemenon on Wednesday. Mrs. Johnson was born in Persbury, Skaneateles, on March 3, 1861. At the age of 21 she emigrated to New York city. Two years later she was united in marriage to the late John Johnson, who died February 25, 1901. They took up their residence at Cemenon where Mrs. Johnson had lived for over 50 years. Mrs. Johnson's spiritual life found its beginning in Sweden where she was baptized and confirmed in the Lutheran Church. She was a regular communicant of St. Paul's Lutheran Church of West Camp, and an active member of the Cemenon branch of the Ladies' Auxiliary. Mrs. Johnson was a highly respected citizen and a home-loving and devoted mother. The following immediate relatives survive: One daughter, Mrs. Ida Brooks of Cemenon; five sons, Arthur, Henry and William of Cemenon, John and Leo, of Cortland. She had fifteen grandchildren, three of which are in the United States Navy, and six great-grandchildren. Her twin sister lives at Spanish Fort, Utah. Funeral services will be held at the West Camp Lutheran Church, Saturday at 2 p. m. Burial will be in the West Camp cemetery.

## Find Rich Gold Vein in Canada

## Prospectors Are Enthusiastic Over Discovery at Nameless Lake.

YELLOWKNIFE, N. W. T.—A gold strike that may rank among the greatest in Canada's mining history has been made on a nameless lake 30 miles west of here.

The new gold field was discovered by Fred W. Thompson and Roy Lundmark, veteran Ontario prospectors, and many claims have been staked.

In describing the discovery, Thompson said he has been "all over Ontario, Quebec and Manitoba, but has not seen anything to compare with this."

## Makes Find From Plane.

Thompson made his original discovery from an airplane while flying over a desolate area of rock.

"I first saw veins from the air about six weeks ago," he said, "and had been trying to get over here ever since. Norbert Miller, the pilot, brought Lundmark and me and put us down on this lake. We made a traverse, and two hours after we landed we found free gold a quarter of a mile from the lake, in one of three parallel veins each about five feet wide."

"We started staking right away. In the course of staking we ran onto a number of other veins which panned. Since that time we have been averaging one discovery a day, either high-grade gold or rock which pans."

Thompson, who was born in Crofton, England, and served six years in the British navy, started prospecting in Canada in 1908.

## Rich Vein on Island.

Most important of the veins uncovered so far by Thompson is on what he calls "Treasure Island," a patch of rock and muskeg, surrounded by waters of the nameless lake, where a 35-foot-wide quartz vein lies exposed for 60 feet, and free gold gleams under two feet of water where lake slime has been scrubbed away.

On another near-by island, separated from Treasure Island by a 50-foot narrows, the continuation of the wide vein yields even richer gold samples, it was said.

Colin S. Johnston, Toronto engineer who examined the scene of the strike, said that the discovery "assured the future of the Yellowknife area."

"This is a great day for the Northwest Territories and all Canada," he said. "It is the most significant turn that the whole Yellowknife rush has taken. It means that there is a fertile field for prospecting in all the metasediment belts which were hitherto shunned."

## New Type of Diving Suit Is Given Double Sheath

SYDNEY.—A new diving suit, which may revolutionize present methods of deep-sea diving, will be used in an attempt to salvage the cargo of the steamer Cumberland.

The wreck, with its cargo of metal valued at \$200,000, lies at a depth of 47 fathoms off the coast of New South Wales. The ship struck a mine in 1917 while on the way to England with copper, iron and zinc for British munitions.

Navy officials who have been testing the new diving suit, the invention of E. R. Clifford of Sydney, believe that it will permit diving operations at such a great depth, owing to its novel construction. It is built in two compartments, the outer of which is subjected to air pressure, while the inner contains air at normal surface pressure.

In old type of diving suits paralysis often resulted from the pressure of the air that had been forced in in order to resist the water.

## Most Famous Volcano

The world's most famous volcano is Vesuvius. The olden Romans had a legend that the gods had used the crater of this volcano as a battle ground, but it had been quiet for hundreds of years before it destroyed three cities—Pompeii, Herculaneum and Stabiae—on August 14 in the year 79. Vesuvius has broken loose many times since it buried Pompeii. Important eruptions took place in 472, 1000, 1631, 1794, 1861 and 1906.

REGISTRATION DEADLINE for foreign agents in the United States swamped the state department in Washington with last-minute signatures, and Joseph Green (left) and L. H. Price had their hands full, checking over the forms. Penalty for non-compliance with the registration law is \$1,000 fine or imprisonment for not more than two years, or possibly both.

A new device has been invented for airplanes which warns pilots whenever they are approaching mountains. It is an altimeter which registers height above land.

Alaska is soon to receive the United States government's attention in the establishment of defense works on its Pacific Coast as a precaution against attack from Asia.

## Artist Entertains Kiwanis Thursday

The Central Hudson Gas & Electric Corp. again scored heavily for its ability to meet emergencies, when through its representative, Edward M. Huben, it saved the day at the luncheon meeting of the Kiwanis Club, Thursday.

The emergency arose when the scheduled feature of the day's program, a talk on the constitutional amendments to be submitted to the voters this fall, which was to have been given by Justice Charles F. Kaiser, Jr., of Ellenville, failed to materialize.

Judge Kaiser, who was one of the secretaries at the constitutional convention, phoned earlier in the day that he was being held up by an appointment, but would be on hand at 1 o'clock. As the zero hour approached, however, and President Paul Zucca was trying his best to keep things moving by trying out various candidates for the position of song leader—with indifferent success—a message came that the speaker of the day had started out for Kingston, but car trouble had developed and he would be unable to be present.

It was then that Kiwanian Huben pulled the winning card out of his sleeve and stated that he had prevailed upon George LaDue of Poughkeepsie, who was present at the luncheon as his guest, to entertain the members with a chalk talk. Mr. LaDue, who does the artistic work for the Central Hudson and who will be remembered as having drawn the illustrated map of Ulster county for the Apple Blossom festival, proved equal to the emergency. Spencer Ennist furnished a book of wall paper samples and a heavy black crayon was produced and the artist went to work.

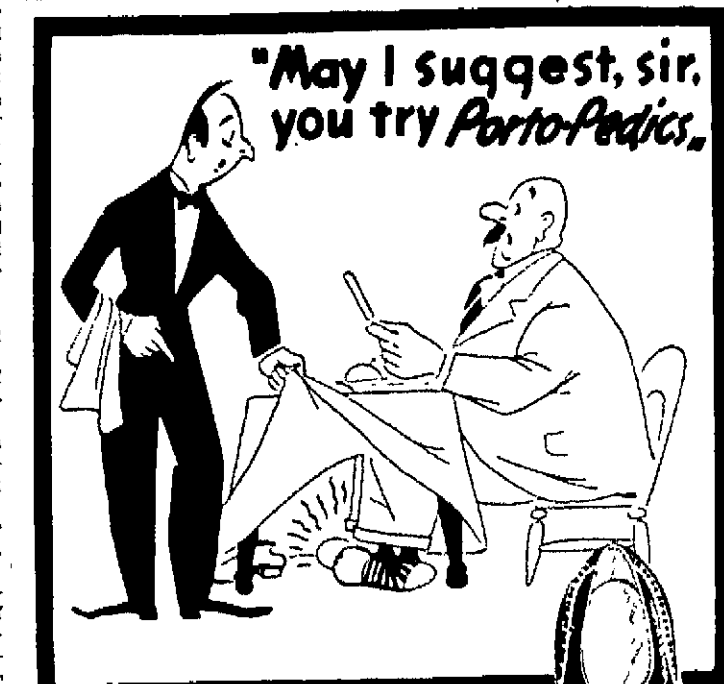

He amused the Kiwanians with sketch after sketch of swiftly drawn cartoons and then con-

cluded with having different members present draw a line—any kind of a line—which he proceeded to embellish with a few deft strokes and they became, one a duck, another an inebriated gentleman with a high hat, a man eating an apple, etc. Pratt Boice was one of those called upon and he submitted an irregular curved line that seemed impossible of being turned into anything at all, but when Mr. LaDue got through with it, the line was included in a sketch of a beautiful young woman wearing a hat. And there was a laugh at the expense of the former county treasurer when someone asked how come that the line he submitted turned out that way.

It was a very interesting bit of entertainment and Mr. LaDue received many compliments not only on his artistic ability but also on the quickness with which he turned meaningless lines into amusing sketches.

In addition to Mr. LaDue there was one other visiting guest, Edwin C. Shultz of Saugerties. The matter of having an inter-club dinner meeting, in honor of Roger H. Loughran, present lieutenant governor of the second division, before his term of office expires, was brought up and President Zucca asked Chairman William T. Byrne of the inter-club committee to take steps toward making arrangements for such a meeting. A vote was taken

and it was decided to include the he extended, include those in Newburgh, Poughkeepsie, Middle-district, to whom invitations will town, Beacon and Port Jervis.

## Predictions on Grid Games Scheduled for Saturday Afternoon

By HERBERT W. BARKER  
New York, Oct. 14 (AP).—Operating from short punt formation, ready to run, pass or kick (especially run), this football corner takes a look at the week's football slate, heaves a sigh of wistful resignation and emerges with the following guesses:

Alabama-Tennessee: The game of games in the Southeastern Conference this week. It might even settle the championship although that's taking an extremely far-sighted view of the situation. Tennessee, after bowing over Clemson, hurled Auburn but this is an Alabama horse of another color, Alabama.

Wisconsin - Pitt: Stuhldreher

must have been feeding his Wisconsin Badgers nothing but raw meat, but the conviction grows that this Pitt outfit has everything a great team needs. Pitt.

California-U. C. L. A.: That was a minor miracle U. C. L. A. engineered last week against Washington but California power would seem to be the decisive factor here.

Texas A. and M.-Texas Christian: A Santa Clara team that ran up 22 points on Stanford could score only seven on the Aggies. Nevertheless Christian has been knocking its rival around like so many tin-pins and gets the nod here.

Minnesota-Michigan: Other guys can analyze this one if they want to. This corner prefers to call out the coin and it reads—Minnesota.

Syracuse-Cornell: Two undefeated eastern powers collide here and only a Grade A roothsayer could predict the outcome with any degree of confidence. If this ballot goes to Cornell it's because Luc Ithaca has faced more rugged opposition than the Orange.

Fordham-Purdue: The same sort of reasoning ought to make Purdue the selection in this one; but this guesster strings along with a hunch. Fordham.

Notre Dame-Illinois: A grand line and an attack sharp enough to subdue Indiana will make Illinois an exceedingly tough customer for Notre Dame but on the general theory that the Irish can do better than they did against Georgia Tech, a weak-kneed ballot for Notre Dame.

Duke-Georgia Tech: This series has developed some of football's most dramatic games. Out of this, Duke.

Carengie Tech-Holy Cross: Possible upset here, but take Holy Cross.

Columbia-Colgate: The Columbian, with their limited manpower can't go on indefinitely, but they rate the call.

Dartmouth-Brown: This would appear to be the spot where the Brown Bear gets trapped. Dartmouth.

Harvard-Army: And still no hope for Harvard.

New York University-North Carolina: One of the toughest of them all to figure. North Carolina, narrowly.

Princeton - Penn: Princeton looks too green to cope with Penn.

Yale-Navy: Looks like third straight beating for Yale.

Tulane-Rice: Tulane's coming strong; Rice hasn't even started. Maybe the Texans will this week. Rice, reserving right to appeal.

Vanderbilt - Mississippi: Who threw that brick? The boys haven't got that shocking Mississippi victory over Louisiana State. In sheer despair, Mississippi.

Skipping over the chalklines otherwise: Manhattan over Providence.

## PUNTS AND PASSES

(By The Associated Press)

Champaign, Ill.—Any day now, the publicity lads will be tagging the Illinois line the "seven sacks of cement" or something similar. So far, the Illinois front wall has been about as easy to get through as a granite block. DePaul wound up with a net loss of 20 yards in their game two weeks ago, and Indiana, somewhat more successful, managed to finish with a loss of only nine.

Hamilton, N. Y.—Win, lose or draw Saturday against Columbia, Colgate's Bill Hogue can go around bragging. He's the first sophomore to land the starting fullback assignment on the Red Raiders since wily Andy Kerr took over the coaching reins in 1929. Not even the classy Len Macaluso could make it as a second year man.

Syracuse, N. Y.—Cornell's footballers are going to be more than happy to comb Marty Glickman, the Olympic sprinter and Syracuse ball-carrier, out of their hair. As a freshman, his 80-yard touchdown sprint whipped the big Red Cubs; as a sophomore, his 60-yard dash set up the Orange's only score against Cornell; and last year, he scored both touchdowns and did everything but make the ball do the Big Apple as he personally downed the Cornellites. He's the one man that has favored Cornell a little bit nervous about Saturday's party.

## Whitney Blames The Ballyhoo

Lexington, Ky., Oct. 14 (AP).—What's the matter with racing? "Too much box-office ballyhoo," says John Hay (Jock) Whitney.

Whitney, member of the New York racing commission and president of the American Breeders' Association, told the Thoroughbred Club of America last night: "We hear too much talk of turnover, gate receipts, daily double and such box-office ballyhoo, and the success of a track is too often judged by the size of its dividends."

The Thoroughbred Club had just made Whitney's mother, Mrs. Payne Whitney, an honorary member in recognition of her contributions to the sport during the last quarter century. It was the first time a woman had been so honored and the first time the club had opened its annual dinner to women.

## 400 College Grid Story Men

New York, Oct. 14 (AP).—It is somehow alarming to learn that there are more than 400 college football publicity men in this country, each of them determined to place at least one man on this season's All-American eleven.

For these figures, and the warning implied, we are indebted to Bob Madry, who has been singing man for the University of North Carolina for 15 years. Bob is here with a trunkful of photographs of his tar heels, who play New York University tomorrow.

## Second Turkey Shoot Sunday At Phoenicia

From Secretary Beecher Smith of the Phoenicia Fish & Game Association comes the announcement that on Sunday, October 16, the organization will run its second annual turkey shoot at the Simpson Memorial Ski Slope, commencing at 10 a. m., and continuing until dark.

Entrants in the shoot may use shotguns or rifles in competing for the birds, of which there will be many. Plans are being made to cater to one of the largest gatherings of shooters ever assembled in the county.

Secretary Smith in announcing the shoot, stated: "It will be of interest to sportsmen particularly to know that the money realized by our association from this shoot is used for the purpose of buying fish and game and planting the same in the Catskill Mountain Park. At our last meeting we placed an order for 16,000 trout which were received today and which are now being planted in the streams, thereby making for better fishing."

## Bluenose Wins Second Race

Aboard Schooner Gertrude L. Thebaud, Gloucester, Mass., Oct. 14 (AP).—Tied after their first two sailing duels in the current three-out-of-five series for the championship of the North Atlantic, Captain Angus Walters' Canadian title-holder, Bluenose, and Captain Ben Pine's American challenger, The Gertrude L. Thebaud, today faced a test over two circuits of an 18-mile triangle.

Bluenose took the second race yesterday in light air after absence of a breeze delayed the start until 11:50 a. m. Dog day doldrums prevented decisive contests the two previous days.

## WRESTLING LAST NIGHT

(By The Associated Press)

New York—Joe Savoldi, 210, New York, pinned Pat Corrigan, 194, Ireland, 37:20.

Boston—Yvon Robert, 220, Montreal, defeated George (K. O.) Koverly, 218, Los Angeles, two of three falls.

Camden, N. J.—Ernie Dusek, 228, Omaha, defeated Gino Vagnone, 221, Joliet, two of three falls.

**New Coach**  
Delaware, O., Oct. 14 (AP).—George Gauthier, Ohio Wesleyan University director of athletics, announced today that George Brown of Columbus, O., guard for three years, had been added to Wesleyan's freshman coaching staff in charge of linemen. For the last two years Brown coached at the Mamaroneck, N. Y., high school.

Comment among fight fans of Kingston and vicinity indicates that there will be a crowd on hand at the municipal auditorium tonight for the card of bouts featuring Carmine Fatta, Newburgh Golden Gloves ace, and Willie Smith, New York, former international lightweight champions.

Fatta, billed as the boy who maked 'em all fight, is looked upon as a tougher foe for Smith than Vince Sempervino, who outpointed him last week, but in a duel that lacked the fire expected in tonight's clash between the two brawlers who hit hard and often, Fatta is anxious to get by Smith, then ask for the "rubber" match with Steve Kukol of Binghamton, national champ.

Sharing the top billing with the Fatta-Smith match, is the five round pairing between Red Van Alstyne, Bayona, middleweight, champion of the Adirondack A. A. U., and Warren Jones, hard hitting 160 pounder from the stable of George Gaintford, New York Golden Gloves trainer.

Another match that has the fans talking is that between Vince Sempervino, former welterweight champion of the Hawaiian Islands, and Frankie Tomanello, New York Italian slugger dug up to give Sempervino a real battle test.

Monkey Armstrong, the local 155 pounder who beat Tony Vialco and Guy Corrado, two of the best

punchers up state, will tangle with Charlie Harvey in what is promised to be a real slugfest, by Harvey's handler who says his boy will halt Armstrong's winning streak.

Corky Dulgarian, the Newburgh slugger who puts his opponents away for keeps with a dynamic right, will fight it out with Jack Tracey, Albany war horse who has fought 'em all and is plenty tough.

In the preliminaries, slated for three rounds, the battling Buncos brothers will appear. Hank the lightweight slugger, is matched with Mickey Butler of Troy, and Frankie, the bantamweight, is paired with Jerry Pursell of Albany. Starting time of the first bout is 9 o'clock.

The triumph of the New York Yankees over the Chicago Cubs in the World Series gave the New Yorkers the distinction of being the first club ever to annex three successive world championships.

## Kingston Already Has S.P.C.A. Here

For several weeks the mayor's office in the city hall has been repeatedly called on the telephone by residents of the city urging that the mayor take the first steps toward organizing a branch of the Society for the Prevention of Cruelty to Animals in Kingston.

So many telephone calls were received that the matter was taken up with the American Society for the Prevention of Cruelty to Animals in New York city, and today a reply was received from Sidney H. Coleman, executive vice president of the organization, in which he wrote that there already was a branch of the society established in Kingston and that Walter B. Crane was president and Ward H. Everett was secretary and treasurer. The names of the directors were not given.

Mr. Coleman while correct as to Kingston having a society for many years is evidently not aware that Elmer Pallen, well known horseman of Kingston, is president, having succeeded Mr. Crane in that position.

An old German was on the witness stand. "And now, sir, describe to the jury just how the stairs run in that house," requested the lawyer.

The old man scratched his head for a minute. "You want to know how the stairs run?"

"Yes, if you please, how the stairs run?"

"Well, ven I am opatater dey run down, and ven I am down stairs dey run up."

## NEW TROUBLE AREA IN EUROPE

This map of eastern Czechoslovakia shows the portion involved in the present border dispute with Hungary. With Hungarian troops massed along their northern borders, and a Czech-Hungarian parley deadlocked, fears of an immediate clash abated with word that the dispute would be arbitrated by Germany, France, England and Italy. The shaded area shows what Hungary wants. The Czechs offer about one-fourth of this.

## Postponed Hearing Held Thursday

(Continued from Page One)

duced in evidence. These counts were made for a 48-hour period from Friday, July 1 at 8 a. m. until July 3 at 8 a. m.

Questions Figures

Mr. Jaynes for the railroad questioned the figures on the night distance maps and asked whether the observation point on the rails were high, instrument high or whether a locomotive might not be seen at a greater distance than the figures set down on the map.

Mr. Norton said he could not say as to just where the observation was taken but the men who took the sights could so testify.

Mayor C. J. Heiselman was called to the stand and gave testimony as to the number of school buses which use the crossings and also the number of students who cross the tracks as pedestrians.

During school days 12 buses with a capacity of 337 passengers cross the tracks twice a day making a total of 674 persons and most of them use the Broadway crossing. From figures secured through Superintendent Van Ingen the mayor gave the estimated number of children crossing the tracks to the high school and the new Myron J. Michael school as from 3,000 to 3,500 a day.

On cross-examination by Mr. Jaynes, Mayor Heiselman said the crossings are protected by gates. Mayor Heiselman said that at the last hearing when figures were given as to pedestrians the school had been closed. The number of students crossing the tracks had been very largely increased within the past few weeks by the students going to the new Myron J. Michael School, he told the commission.

These students were eighth grade pupils from all of the city grade schools.

C. L. Brower, of the city engineer's office, was next called to explain the traffic count made the past summer.

48-Hour Count

For a 48-hour period between July 1 and July 3, a traffic count was taken at all six crossings. Pedestrians, passenger cars, trucks and buses, train movements and elapsed time which the gates were down were all recorded. A huge sheaf of papers upon which the traffic counts were taken by the workers were offered and then a summary sheet was offered showing totals for each crossing.

Mr. Brower said that a total of 24,470 passenger cars had crossed the six crossings in a northerly direction during the 48-hour period; 16,446 had passed southerly, plus 4,691 in both directions when no separate count of direction was made during the light hours of traffic at night. This made a total of 45,606 passenger vehicles.

As to trucks, there were 2,518 north bound and 2,435 south bound and an additional 531 which were not classified as to direction. This made a total of 5,484 for the 48-hour period.

After Mr. Brower had given the summary City Engineer Norton was re-called and testified as to the traffic count at each crossing for the 48-hour period.

There were a total of 1,141 buses in addition to the trucks and passenger cars over Broadway crossing. The total number of vehicles using the crossing both directions for the 48 hours was 62,231, or an average of 1,038 each hour of the 48-hour period.

In the same period there were 10,269 pedestrians for an average of 214 an hour. This was at a time when schools were closed. During the 48 hour period there were 194 train movements over Broadway and gates were down for an elapsed period of 274 minutes or 4 hours and 34 minutes out of the 48 hours.

At Smith Avenue

At Smith Avenue there were 4,390 passenger cars, 635 trucks. A total of 5,025 for an average of 105 an hour. Pedestrians 1,928. Train movements 193 and gates were down for 41 1/2 minutes or 6 hours and 56 1/2 minutes out of the 48 hours.

At Ten Broeck Avenue crossing there were 1,562 passenger cars, 254 trucks for a total of 1,816 vehicles and an average of 38 an hour. Pedestrians were 825 and 144 train movements. Gates were down 299 1/2 minutes or 4 hours and 59 1/2 minutes.

At Foxhall Avenue crossing there were 7,163 passenger cars, 1,222 trucks and four buses. Total 8,389 or an average of 175 vehicles an hour. Pedestrians 1,130. Train movements 156 and gates were down 297 minutes or 4 hours and 57 minutes.

At Gate street crossing there were 1,303 passenger cars and 528 trucks and four buses for a total of 1,835. Pedestrians 834 and 135 train movements. Gates were down 332 minutes or six hours and 23 minutes.

At Flatbush Avenue crossing

there were 1,531 passenger cars, 224 trucks and 45 buses for a total of 1,800, or an average of 236 an hour. Train movements 263 and gates were down 855 minutes or 14 hours and 15 minutes.

Cross examined by Mr. Jaynes the witness said that while the count was being taken no accidents happened. Mr. Jaynes also asked whether the traffic around the holiday season was not above average.

Mr. Norton said that the traffic was at its peak when the count was taken and he believed the count was more nearly representative than any other figure before put in evidence. The count taken the past summer he said was nearer the average summer traffic than the figures previously submitted.

At this point Commissioner O'Connor inquired whether the city desired to put in any additional testimony and Corporation Counsel Coshin said that up to the present time most of the testimony had been confined to "public welfare" but the city did desire to submit testimony and plans for elimination of all grade crossings in the city. Because of the great amount of work necessary in preparing these plans he asked the commission to adjourn without date. There was no objection to the adjournment by the railroad.

Accidents Testimony

It was stated that at the next hearing the commission would like testimony as to any accidents at the crossing. Mr. Coshin said such record would then be offered.

The public was given an opportunity to be heard and Mrs. Clara N. Reed was sworn. She told of delays in getting late news stories from one end of the city to the other while she was engaged in newspaper work and also referred to a time when she observed the gates down as long as 14 minutes.

She also told of three families who had planned to come to Kingston but when they found the hospitals were all located below the crossing and away from the section of the city where they desired to reside they had not moved to town. Two years ago she said she had been nearly murdered and while on her way to the hospital had suffered great disturbance over the question of whether the ambulance would be held up at the crossing. Had the ambulance been held up she said she felt she would not have lived. Just as the ambulance had crossed the tracks the gates did come down.

The hearing was then adjourned subject to call of the commission.

As a result of recent increases the British government now has 17,000 infantry, two regiments of cavalry, one battery of artillery and several armored cars in Palestine to preserve order.
